

WILCOX SAYS HE'LL FIGHT TO FINISH

CHARGE HIGH ARMY OFFICER WITH MISCONDUCT

HART SCORED BY MAN WHOM HE SUCCEEDS

War Department Admits U. S.
Quartermaster General
Is Under Fire

HEADS WON'T COMMENT

Accuser, Held High Office in
War, Was Retired Through
Disability

Washington, (AP)—Formal charges have been filed at the war department against Major General William H. Hart, the quartermaster general, by his predecessor, Maj. Gen. Harry L. Rogers, retired.

The allegations revolve around the conduct of General Hart prior to and in connection with his appointment to succeed General Rogers.

War department officials declined Friday to go beyond admitting that the charges had been received from General Rogers. They did not indicate what steps had been taken to investigate the allegations.

The case is a further development in the controversy which raged about the quartermaster general office in the last days of General Rogers' incumbency. He retired from active in August, 1922, for disability incurred in line of duty.

General Rogers was chief quartermaster of the American expeditionary forces in France from July, 1917, to February, 1919. When he returned to duty in Washington he was appointed quartermaster general.

His charges against General Hart are before the inspector general, having reached the war department last Wednesday. Pending inquiry, officials will withhold comment.

General Hart was selected by Secretary Weeks to succeed Gen. Rogers as quartermaster general. He was then a colonel in charge of the quartermaster intermediate depot in New York and was general superintendent of the army transport service out of that port.

HOLD RACINE DRIVER WHO RAN OVER CHILD

Kenosha, (AP)—Edna Mielthke, 4, died without regaining consciousness from injuries sustained when she was struck by an automobile driven by Walter Mauer, Racine, here Friday. Mauer is being held in custody pending an investigation by coroner Joseph Friend. Testimony given to police and the coroner by witnesses tended to vindicate the driver of any blame for the accident.

ARRAIGN FIREMAN WHO RAN OVER SMALL BOY

Madison, (AP)—William E. Parr, member of the city fire department, pleaded not guilty in superior court Friday to a charge of failing to stop after injuring Buddy High, 6, who was fatally hurt by an automobile Wednesday. He was released under bond of \$1,500. Chief of Police Trostle said Parr had admitted that he piloted the car that struck the boy.

AMERICAN LABOR CHIEF CONGRATULATES BOB II

Washington, D. C. (AP)—Congratulations upon his nomination in the Wisconsin senatorial primary have been telegraphed Robert M. La Follette at Madison by William Green, president of the American Federation of Labor.

"Your friends everywhere and particularly the men and women of labor," said the labor leader, "are gratified over your decisive victory. We are confident you will win by an overwhelming majority at the elections on Sept. 29."

TOKIO DIET BUILDING HAS \$1,000,000 FIRE

Tokyo, (AP)—Fire at 3:30 o'clock Friday afternoon destroyed the diet buildings, two story wooden structures which housed the legislative branches of the Japanese government. Several persons were injured. The loss is estimated at \$1,000,000. Many valuable documents were lost.

Barring Of British Red Is What Britain Wanted

BY DAVID LAWRENCE
Copyright, 1925 by Post Pub. Co.
Washington, D. C. — The British government is not at all displeased with the action of the United States government in declining to permit Saklatvala, communist member of the British parliament and one of the leaders of the revolutionary movement in India, from entering this country to attend the interparliamentary union to be held in Washington next month.

The British themselves cannot very well suppress the inflammatory utterances of the Indian delegates to parliament. Nor could they restrain the communist member from coming to the United States. It was left to the American government to act depending on whether the Indian delegate's presence would be embarrassing to the United States. He was in no sense an appointee of the British government and it is stated that the British government did not ask that special consideration be given him.

The state department's policy in

FRANK ELECTED PRESIDENT OF GEOLOGY BOARD

Bean Succeeds Hotchkiss
Temporarily, Blaine Quashes
Vote of Appreciation

Madison, (AP)—E. F. Bean, assistant state geologist, will fill the post of state geologist temporarily, succeeding W. O. Hotchkiss, who becomes president of the Michigan College of Mines. Mr. Bean's salary will be \$6,000 a year. The geological survey commission Friday made Mr. Bean acting state geologist, pending the election by a special committee of a man to fill the position permanently. This action was taken on suggestion of Governor Blaine as a means of choosing a man "excellently qualified for the position."

Differences between Governor Blaine and Mr. Hotchkiss were revived for a brief period when Prof. L. J. Cole, a member of the commission proposed that an expression of appreciation for Hotchkiss' services be written in the minutes. His motion was withdrawn when the governor dissented on the ground that Hotchkiss had been charged with a "species of corruption."

The executive referred to charged about a year ago that Hotchkiss had assessed mining property in which he had an interest for the state tax commission. Hotchkiss asserted the assessments were approved by the commission. The discussion was dropped without further airing of the controversy.

The commission was reorganized with President Glenn Frank of the University of Wisconsin elected president to succeed Dr. E. A. Birge, retiring head of university. John Callahan, state superintendent of public instruction is vice president and Prof. Cole secretary.

The other members of the commission is Governor Blaine. The members are all ex-officio.

NO BALLOTS CAST BY SPIDER LAKE PEOPLE

Madison, (AP)—Citizens of one Wisconsin election precinct apparently did not care who was nominated in the special senatorial primary Tuesday.

The official canvass of returns from Sawyer co., reported to Secretary of State Zimmerman Friday, shows that no votes were recorded in the precinct of Spider Lake, "for the reason that the election board did not organize. John Berger, the county clerk, wrote he was advised 'that the citizens did not appear at the polls.'

WEALTHY PARK FALLS MAN COMMITS SUICIDE

Fond du Lac, (AP)—Carl Anderson, 40, wealthy Park Falls bottling works owner, Thursday committed suicide by jumping into the Fond du Lac river. Some time ago he was found in a dazed condition after having jumped from a fast moving passenger train. Later he escaped from relatives in whose keeping he has been left.

IRISH GENERAL GETS ROTTEN EGG BOUQUET

New York, (AP)—Having been welcomed to the United States by a mob of Irish republican sympathizers who hurled rotten eggs, tomatoes and sticks, General Richard Mulcahy, former commander of the Irish Free State army and four companions are here on their way to the inter-parliamentary union at Washington.

The general and his party were attacked by surprise Thursday night when they disembarked from the liner President Roosevelt at Hoboken, N. J. Funched in the face and kicked the legs Mulcahy was almost knocked from his feet before he left the gang-plank.

A crowd of more than 100 persons, mostly women, scattered 150 yards, welcoming party with shouts of "black and tans!" The several eggs and tomatoes hit the general. One of his party was gashed above the eye by a stick. A riot call finally brought police reserves. The visitors were rushed to a taxicab and spirited across the river to New York. Three men and two women were arrested.

Senator Borah, chairman of the foreign relations committee plainly does not like the state department policy as he thinks more harm than good is done by suppression. In a sense his views coincide with what was published here as a part of the memoirs of the late Vice President Marshall.

The freedom which the British permit Saklatvala in London is due, partly to the fact that they have a serious problem in India and must give the Indian delegate the right to express himself in the British parliament and outside but it also is due to the fact that communists have free rein in Britain.

This policy is the subject of divided opinion in England as in America but in this case department of state here saved the British from possible embarrassment by deciding the question at the very start. In the case of Count Karolyi, the Hungarian radical, the gag was put on after he actually had come to America. The policy now is to refuse passports to persons whose opinions are not desired by the American government. It is an important precedent in diplomacy.

EXPLORING IN ASIA PERILOUS

Beloit Scientist Reports Col-
lections for Museum Society Are Safe

New York, (AP)—Difficulties encountered with the Mongolian government by the expedition led by Roy Chapman Andrews for the American Museum of Natural History have been surmounted and Dr. and Mrs. Andrews will arrive in San Francisco Nov. 5, according to a cablegram received from Mr. Andrews Thursday by Henry Fairfield Osborn, president of the museum.

The situation in Mongolia was reported by Mr. Andrews as "highly dangerous" but the expedition and collections were said to be safe and the caravan is due in Kalgan in three weeks to prepare for embarkation. Written authority from the Mongolian government safeguarded the scientists.

The party under Mr. Andrews travelled 5,000 miles in Mongolia and discovered rich fossil deposits which are expected to add much to knowledge of extinct animals of Asia their evolution and migration, and climatic changes which caused the evolution and migration.

NEGRO ADMITS ASSAULT UPON 14-YEAR-OLD GIRL

Cincinnati, O. (AP)—Spurred from the midst of a threatening storm, and fired upon several times when he attempted to escape James Henry, 37, negro Thursday night confessed that it was he who criminally assaulted and then fatally injured Edna Goswell, 14-year-old school girl, near Ad-dyston, Ohio, Wednesday afternoon.

The girl died several hours after being found in a woods near her home, her skull fractured and numerous lacerations on her arms, legs and face.

CIVIL WAR BREAKS OUT IN BOLIVIAN STATES

Buenos Aires, (AP)—A despatch to Llanon from La Paz, Bolivia, says that a state of siege has been declared in the departments of La Paz, Oruro and Cochabamba. The despatch asserts that the order for a state of siege was issued after the discovery of a serious conspiracy.

MASSACHUSETTS CHECKS HOARDING OF HARD COAL

Boston, (AP)—Delivery of domestic anthracite coal to consumers who have half their winter supply in stock and delivery of more than three tons at a time to householders was prohibited Friday by state emergency fuel administration.

COUNSEL ARGUES NOEL IS STILL A LUNATIC

Newark, N. J. (AP)—Argument of counsel for Harrison Noel that youthful slayer and kidnapper was not sane and legally could not plead guilty, Friday resulted in Judge Caffrey's reserving decision on this question until Monday. Handcuffed to two other murder suspects Noel was taken to court to plead to indictments charging him with the murder of Raymond Pierce, a negro chauffeur, and the kidnapping of 6-year-old Mary Daly.

Noel showed no interest in the proceedings. His upper lip twitched nervously. His gaze rested momentarily on Merritt Lane, his attorney, and then strayed about the crowded courtroom.

Noel contended that technically Noel still was in the custody of the Overbrook insane asylum as he never had been legally freed from that institution. For this reason he said, Noel was not able to plead for himself.

Almost Certain Mitchell Will Get Court Martial

Washington, (AP)—The aircraft situation moved toward a complete sifting Friday as the president's special board of inquiry prepared for the opening of public hearings here next Monday.

Selection of a list of witnesses was the task assigned to several members of the board Friday and these, the board has announced, will include Col. William Mitchell, central figure in the storm of controversy over army and navy aircraft policies.

It has been increasingly apparent that war department officials are satisfied his specific charges against the air service administration warrant court martial proceedings. It is virtually certain that such a court would be ordered to sit here.

With the navy department at the same time completing arrangements for the convening of the court of inquiry into the Shenandoah disaster at Lakehurst, N. J. Monday, Col. Mitchell also is expected to figure conspicuously in that chapter of investigation activities.

Dwight W. Morrow, chairman of the president's board, announced after its organization meeting Thursday that it planned to hear first representatives of the army, the navy and the postoffice.

From this testimony the board presumably will chart the subsequent course of the board inquiry with which the president has charged it, the witnesses to be asked for "criticisms and constructive suggestions."

Acting Secretary of War Davis probably will be the first witness before the president's special air board. The board in an informal meeting Friday decided to call first upon the war department for tests on aircraft subjects and in as much as it was Mr. Davis who first proposed the inquiry, it is thought that he will start the presentation of the department's position, when the board begins hearings Monday.

Although the request that officers of the department appear before the committee, it made no reference to Col. William Mitchell, leading figure in the controversy it was made clear by board members that he would be called if he was not included in the representatives appearing for the army.

MEDICS DEPLORE NEW DRY RULES

State Physicians Society
Wants Prescription Permit
Office Back in State

Milwaukee, (AP)—A resolution asking that Wisconsin be restored as an integral district in the administration of permit privileges under the federal prohibition law, was passed Thursday by the Wisconsin State Medical society in annual convention here.

Removal of the Wisconsin prohibition, under the recent prohibition reorganization plans, will cause much inconvenience to Wisconsin physicians handling prescriptions, the resolution said. It was indicated by members attending the convention that physicians considered prescription writing a nuisance.

Another resolution passed pledged the support of the medical fraternity to Glenn Frank, new president of the University of Wisconsin. President Frank, Prof. M. F. Guyer and Prof. Henry Steenbock of the university, were granted associate memberships in the association.

Leavenworth, Kas. (AP)—Death has ended the career of Col. Ezra B. Fuller, who had the longest record ever attained as an officer in the United States army. Col. Fuller died at Fort Leavenworth Tuesday night. He was retired three years ago after more than a half century in the army.

The colonel, one of the few remaining officers who saw service in the Civil war, began his military career at the age of 18 in 1864, enlisting in company E, 141st Illinois infantry.

THREE STATES JOIN CHICAGO CANAL FIGHT

Ohio, Minnesota and Pennsylvania Help Wisconsin in
Great Lakes Case

Columbus, O. (AP)—Minnesota, Ohio and Pennsylvania on Oct. 5, will ask the United States supreme court to be made parties plaintiff to the suit brought by the state of Wisconsin against the state of Illinois and the Chicago drainage district to stop diversion of the waters of Lake Michigan into the Chicago drainage canal, according to Attorney General C. Crabbe. Copies of an amended petition in which the three states are asking to aid Wisconsin in its fight against the city of Chicago to stop diversion of waters of the Great Lakes have already been served on officials of the state of Illinois and the city of Chicago, the attorney general announced.

Besides making Ohio, Minnesota and Pennsylvania also parties plaintiff with Wisconsin, the amended petition asks that the city of Chicago be permanently enjoined from diversions of more water from the Great Lakes than is necessary for navigation purposes in the Chicago river, also that the city be enjoined from drainage sewage into the drainage canal in such proportions that headwaters of various rivers about the city be polluted.

The amended petition also recites the interest which the various states have in maintaining as an aid to commerce. It points out that during the year 1923, 76,000,000 tons of freight were moved in and out of the various Ohio ports on Lake Erie, and that free navigation on the lakes is imperiled by diversion of their waters and subsequent lowering of the lake levels.

FREE SPEECH UNION OFFERS RADICAL HELP

British Communist Who Was
Refused Entry to U. S. De-
clines to Stay Away

Washington, D. C. (AP)—Protest and criticism of its action in denying admission to the United States of Shapurji Saklatvala, communist member of the British parliament, have brought no sign of yielding at the state department.

Despite the contention of Senator Borah, of Idaho, chairman of the senate foreign relations committee and others that the utterances of Saklatvala, who sought admission to this country as a delegate to the inter-parliamentary union here next month, gave no adequate grounds for his exclusion, department officials are satisfied that they do.

In a statement issued after the department's action cancelling Saklatvala's passport visa, Senator Borah quoted from a recent speech by the communist member in the house of commons and declared:

"I think anyone who will read the speech will come to the conclusion that Saklatvala's crime is that of discussing conditions in India."

The Civil Liberties union took a similar view of the matter in a statement issued by its officials in New York after it had sent a telegram of protest to the state department and cabled an offer of legal assistance to Saklatvala if he wished to test the state department ruling on the courts.

Saklatvala's response in London to the department's action was that he had given up any intention of coming to America at this time.

MONKEY CASE COMES UP AGAIN SEPT. 28

Knoxville, Tenn. (AP)—The Scopes evolution trial which turned the eyes of the world to the tiny courthouse at Dayton in July, Thursday was transferred to a new scene of conflict when the appeal was formally filed in the state supreme court here. The appeal included the bill of exceptions, pleadings, evidence and proof.

The case is marked No. 2 on Rhea co. docket. Cases from this county stand first on the supreme court calendar, and the Scopes case is therefore scheduled to be heard on the first day of court when it convenes in Knoxville on Sept. 28.

FLIES 5 MILES PER MINUTE, BREAKS ALL AIR SPEED RECORDS

Mitchell Field, N. Y. (AP)—A new unofficial world's speed record was established Friday when Lieutenant Alford J. Williams, navy aviator, flew at the rate of 302.2 miles an hour.

The flight was a test for the Pulitzer races to be held here next month. Williams' time was carefully checked by officials of the Curtiss Airplane company.

He flew on kilometer in 7.4 seconds. The world's record for airplane speed is 278 miles an hour, held in France.

The Curtis racer which Lieut. Williams used was designed and built to make a speed of 260 miles an hour or more. The body is less than 20 feet long and the plane stands only eight feet high. The Curtis V-1400 motor in the nose can develop 619 horsepower. The racer fully equipped weighs 2,200 pounds.

HASTEN SLOWLY IN PEACE MEET, BRITAIN URGES

Cecil's Word of Caution Taken
as Criticism of Coolidge
Disarmament Move

Geneva, (AP)—The address Thursday before the disarmament committee of the assembly of the League of Nations by Sir Cecil Hurst, Great Britain, in which he declared that it would be better to make haste slowly with regard to technical preparations for a general disarmament conference has had its reaction upon French delegates.

This reaction may be summed up as follows: "We wish to be prepared for a general disarmament conference in all ways, so that when the psychological moment comes for calling the conference, we will be ready."

"The question when the conference should be called ought to be in the hands of the league council, as the subject is political and not technical."

"France superior war council and general staff already are prepared to furnish a positive disarmament program. It is up to the other nations to do likewise."

The statement of Sir Cecil that it would be a great mistake to permit the impression to prevail that the millennium had arrived and that it would be better to go slow and leave the matter in the hands of the council of the league caused some talk among the delegates as indicating that the British idea possibly might be connected with the reputed desire of President Coolidge to have a disarmament conference convened in Washington.

DOYLE, WRITER-MEDIUM PREDICTS BIG DISASTER

London, (AP)—Every one is warned by the spirit world through the medium of Sir Arthur Conan Doyle that a great catastrophe hangs over the world.

Sir Arthur says he has been receiving messages from the spirit world for the last three years to this effect and that lately they have become pressing. He says the sufferings and destruction which will result are to be taken as a chastening for the evils of today.

The nature of the impending catastrophe is so vague that Sir Arthur is unable to specify it, but he says the chastening will last three years.

Think "Ma" Ferguson Is Mexican Chief, Bambino

New York, (AP)—"Ma" Ferguson, governor of Texas, is identified in the minds of some American school students as president of Mexico and also as Babe Ruth. Teapot Dome is thought by other students to be a building in Washington. And still others confuse Mussolini with "Dat thing" Sisi, Al. Jolson and "Billy Sunday."

These were among the surprising answers given by American high school, colleges and university students in the annual tests on current history conducted by the Review of Reviews, the results of which were made public Thursday. The survey

BARRY DROPS OUT OF RACE FOR SENATE

Eau Claire Man Refuses to
Compromise, Dithmar De-
clines to Withdraw

KLAN MAN SITS TIGHT
Bob LaFollette, Nominee,
Starts His Campaign in
Stevens Point Tonight

Milwaukee, (AP)—Dissension in the anti-La Follette Republican ranks which has been more or less apparent during the campaign for United States senator came to a head Thursday, when after a conference of leaders for the purpose of uniting on one candidate, two candidates remained.

Roy P. Wilcox, selected by a convention of anti-La Follette Republicans at Oshkosh, Aug. 16, and Edward F. Dithmar, (Rep.) who registered as an independent. The conference succeeded in definitely eliminating one man, Arthur Barry, (Rep.) who filed as an independent and the only avowed Klan candidate.

Out of the turmoil of two days of heated conferences, came a statement from Wilcox, defeated by Robert M. La Follette for the Republican nomination, that he was in the race to the finish as an independent candidate, and that he refused to compromise.

Dithmar has issued a statement saying he had "withdrawn" as an independent for the emergency which might arise "about Wilcox being defeated in the primary." Wilcox was defeated, and Dithmar feels he is bound by his word to those who signed his registration petition to make the race.

AWAITS OUTCOME
In the background, waiting for the situation to clarify itself sits Daniel Woodward, with the endorsement of the Ku Klux Klan who without making any apparent campaign in the primary ran a good third. He has announced that he will get on the ticket if he finds it necessary, although he declines to make clear how he intends doing this in view of the fact that he has not registered as an independent and cannot get on the ticket, according to the opinion of politicians unless he has his supporters write in his name.

William George Bruce, the Democrat candidate, who did not poll 5 per cent of the total of the Democrat vote of the last general election, will also run as an independent. John M. Work is the Socialist nominee and George Bauman is the Socialist Labor nominee.

LaFollette, who won the Republican nomination by a plurality of approximately 90,000 votes starts his speaking campaign in the final round of the campaign at Stevens Point Friday night.

In his statement Wilcox said: "In keeping with the pledge made by me to the people prior to the Oshkosh conference, and since, I shall continue to fight until the close of the polls on election day. Nothing has occurred to change the confidence of those enlisted in our cause and if the voters go to the polls on election day and vote their convictions, the result will be a splendid endorsement of the national administration and a decisive defeat for the Madison ring."

SCORES SLACKERS
"Five-eighths of the vote actually cast a year ago was not cast at the primary. A very large proportion of that vote is favorable to our cause. With a continued united effort and with the situation clarified by reason of other candidates being eliminated, Turn to page 24 col. 1

Baking in Appleton Not a "Lost Art"

Often times we hear gray haired old gentlemen sadly remark that women of today cannot bake and cook as well as their mothers or grandmothers—that this accomplishment has been relegated to the limbo of "Lost Arts."

The fact while there is no doubt that the quality of present home cooking has in no way declined. Schmitz Bros. Drug Co. advertised their "want ads" for a woman to make pastry at home. Dozens upon dozens of phone calls materialized in response to the ad. (A woman has to have considerable confidence in her ability in order to bake for public consumption.)

THINK "Ma" Ferguson Is Mexican Chief, Bambino

New York, (AP)—"Ma" Ferguson, governor of Texas, is identified in the minds of some American school students as president of Mexico and also as Babe Ruth. Teapot Dome is thought by other students to be a building in Washington. And still others confuse Mussolini with "Dat thing" Sisi, Al. Jolson and "Billy Sunday."

These were among the surprising answers given by American high school, colleges and university students in the annual tests on current history conducted by the Review of Reviews, the results of which were made public Thursday. The survey

was based on the examination papers of 1,650 students scattered throughout the country.

Eleven per cent of the students failed to recognize the photograph of President Coolidge. Only 42 per cent knew the name of the inventor of wireless telegraphy.

Some of the students placed Mussolini in Italy, others placed it in the Pacific ocean. One youth was convinced that the United States had purchased Japan.

Rural, urban and metropolitan communities were covered by the report. The general average of the 1,650 test papers, was 49 per cent.

BREAK GROUND FRIDAY FOR BIG AMUSEMENT HALL

Charles Maloney to Erect
\$20,000 Structure Just
South of City Limits

Ground was broken on a tract of land just south of the city limits on Lake-rd Friday morning for a new \$20,000 winter amusement hall which will be operated by Charles Maloney, who has conducted dances in this vicinity for the last five years. The opening will be held late in October. Mr. Maloney declares that his new establishment will not be of the "burden" type, as there will be no tables or cabaret features. There will be dancing and roller skating under the rules he has had in effect in all of the places he has conducted, with everything objectionable eliminated.

"Cinderella" ballroom is the name which will be given the new place. The site chosen is 700 feet south of Calumet-st on the west side of Lake-rd, where the interurban line runs to the door. The land is in the town of Menasha and the plan will be under the supervision of Winnebago-co. The location was chosen because it also is convenient to highway 15.

Attractive plans have been drawn up for the structure so it will enhance the appearance of the locality. Mr. Maloney says. The building will have an 80-foot frontage on the street car line and will extend west 150 feet. It will have a specially designed front with a foyer displaying 90 electric lights. The structure will be of frame construction, on concrete piers, and in conformity with ideas approved by the state industrial commission, to which the plans were submitted.

The floor will be of narrow maple strips laid in mitred style so as to give longer wear and a better surface for roller skating. Two rooms are provided next to the front entrance, one for checking of wraps and another for a refreshment stand. Two restrooms will be located at the rear. There will be a 10-foot promenade along each side, leaving a vast floor space for dancing and skating. It will be the biggest hall of its kind in the Fox river valley. Exit will be provided on the north and south sides. A movable platform is to be used by the orchestra.

This structure is built for winter use only and will be in operation about nine months out of the year. It will be heated with furnaces. The

SOME SWIMMER

Richard Halliburton, of Memphis, recently swam the Dardanelles at the point where Leander drowned and Lord Byron made his famous swim. He accomplished his daring feat against a high wind and a strong tide. He is said to be the only person who climbed the Japanese mountain, Fujiyama, alone in winter.

ZUELKE SEES LATEST TALKING MACHINE MODELS

Irving Zuelke has returned from Milwaukee where he attended a meeting of Victor talking machine dealers Thursday. Raymond Peters, from the Irving Zuelke music store in Neenah also attended the meeting. The purpose of the gathering was to give Victor dealers a chance to look over the new Victor models, which were on exhibit at the Milwaukee Athletic club. About 75 dealers from all parts of the state, attended the meeting.

Interior will be lighted with 100 lights and the exterior with 90.

An interurban waiting station is to be erected next to the track for the protection of patrons during the inclement weather.

YOUNG BURGLAR PUT ON PAROLE FOR TWO YEARS

Youth Confesses to Complicity in Robbery of Faust Store at Kaukauna

George Nick, Green Bay, entered a plea of guilty Thursday afternoon in municipal court when arraigned on charges of stealing \$40 worth of cigarettes Aug. 23, from the warehouse of C. J. Faust, of Kaukauna, in company with Hern York and Joseph Krebser both of Green Bay. As Nick is a minor, and as this robbery is his first offense Judge Theodore Berg placed him on parole for two years under the charge of Joseph

Francis, Green Bay, undersheriff of Brown-co.

Nick went to Detroit after the robbery, and secured a job, but on the advice of his father he returned to Appleton to face the court on the burglary charge. He was ordered to pay \$29.50 in restitution for Faust's loss.

Krebser, who is said to have been the ring leader in two robberies committed at Kaukauna in August, still is at large. Besides the Faust warehouse burglary, Nick implicated Edward Whipple, Green Bay, and Hern York in a robbery of the Jacob Lang grocery store in the electric city. Whipple and York have both been arraigned in municipal court here entered pleas of guilty and have been paroled for two years.

Trades Medina Saloon
Frank Zimmerman has traded his home and saloon at Medina to E. LaFortune for the latter's farm at Oconto. Mr. LaFortune has taken possession of his new property and Zimmerman has moved to Oconto.

IT must SELL ITSELF to you

800 HOUSEWIVES every day buy
MAYTAGS—that's over one-
third of all washers purchased.

And none of them take the slightest
risk—for all buy on a **Free Trial**
basis—exactly the same as we offer
you—the famous **Free Trial** that
led to world leadership.

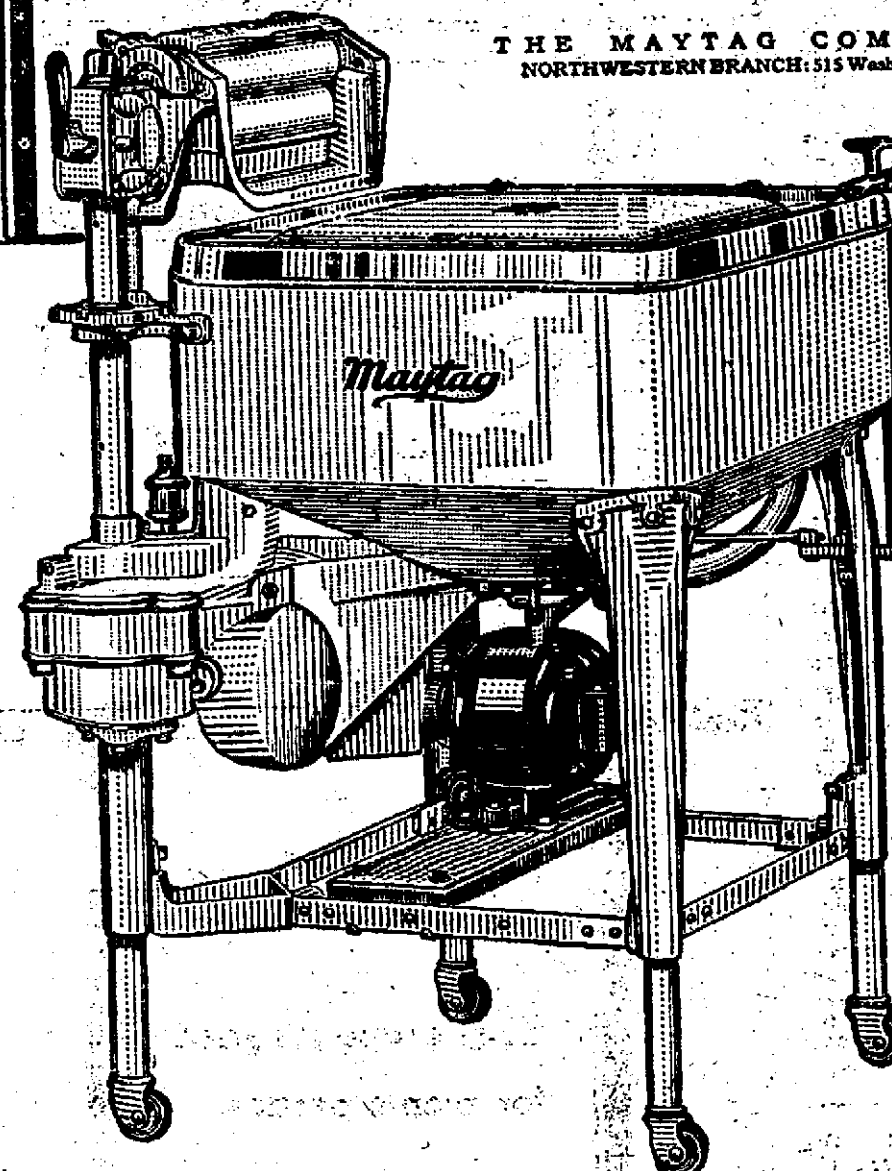

You must try the MAYTAG to find
out how much better it really is—how

much faster and more thorough than
all other washers.

Try it in your own home. Do a
week's wash—or keep it two weeks
if you wish.

If it doesn't sell itself to you, don't
keep it. But don't buy any washer
until you try the MAYTAG.

Phone for a demonstration.

THE MAYTAG COMPANY, Newton, Iowa
NORTHWESTERN BRANCH: 515 Washington Ave., North, MINNEAPOLIS, MINN.

9 Outstanding Maytag Features

- 1—Washes faster. The Gyrafoam Principle creates a more highly energized, turbulent and continuously effective water action. No idle water.
- 2—Washes cleaner. The Gyrafoam Principle mixes the soap evenly through the water, and forces the super-cleaning, soapy washing solution through the meshes of the clothes. No idle suds.
- 3—Largest hourly capacity in world—30 lbs. ordinary family wash per hour. Tub holds 21 gallons—4 gallons more than ordinary washers.
- 4—Most compact washer made—takes floor space only 25 inches square.
- 5—Cast aluminum tub—can't warp, rust, rot, swell, split nor corrode.
- 6—Easily adjusted to your height, and height of tub.
- 7—Clothes can be put in or taken out while washer is running.
- 8—Tub cleans itself in 30 seconds.
- 9—Metal swinging wings. Low. Swings into 7 positions. Adjusts itself automatically for handkerchiefs or blankets. Automatic drainboard. Instant tension-release. All parts enclosed.

DESIGNATE WEEK TO THINK ABOUT FIRE PREVENTION

Governor Calls Attention to
Apalling Losses Caused
Every Year by Fire

Madison, (AP)—Public consideration on Oct. 9 of the fire waste and methods of fire and accident prevention was recommended by Governor Blaine in a proclamation issued Friday, designating Fire and Accident Prevention Day.

"Fire respects neither man, thing, place nor time, it is an enemy which never sleeps, it destroys the resources of field and forest, the products of human labor, the cottage and the palace, the shop and the factory; it robs employers of prosperity and income and labor of employment; it lays waste cities, country and forests. It kills for thousands of victims each year, mostly women, children and dependents. It always wastes and never creates, save smoke, ashes and misery," said the proclamation.

"Five hundred forty-eight million dollars in property and fifteen thousand human lives was the toll the nation paid to fire in 1924. Wisconsin's share of this waste of property is estimated at \$10,431,550. Each year also from seventy-five to one hundred humans perish in fires in Wisconsin, and many others are maimed and disfigured by fires. As life insurance does not bring back a life sacrificed, so fire insurance does not bring back the wealth wasted and destroyed by fire. Fire is a constant drain upon our resources, it raises costs, and places a heavy tax upon individuals, municipalities and the state.

"Most fires are preventable. They are due largely to carelessness and thoughtlessness.

"Fire Prevention Day and Week are for the purpose of arousing thought and calling attention to the waste caused by fire and its economic results, and to methods of prevention.

"For these reasons, I, John J. Blaine, governor of the state of Wisconsin, do hereby designate and proclaim Friday, the ninth day of October, 1925, as Fire and Accident Prevention Day.

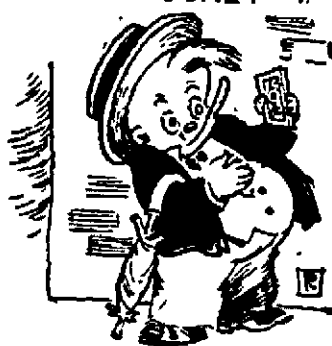

"I earnestly recommend that on this day and during the week special exercises be held in all public, private and parochial schools, also public meetings under the auspices of the municipalities or of civic bodies, to consider the needless waste of property, lives and manpower through fire and accidents and the best methods of prevention.

"I further urge that the week beginning October 5 be devoted to clean-up work and the remedy and removal of fire hazards in homes, shops, factories and public buildings, and that the municipalities, the school, the pulpit, the press, civic bodies and citizens generally give their aid to make this worthy movement a success.

"I also urge that on October 9 factories and department stores employing a considerable number of workers conduct a fire drill, and that all schools conduct the monthly fire drills, and give definite instruction in fire and accident prevention, as required by law."

COAL STRIKE WON'T HIT GAS, ELECTRIC SERVICE

Milwaukee, (AP)—Electric service will be uninterrupted in Wisconsin during the coal strike, now in its third week, the Wisconsin Public Utility Information bureau announced Thursday.

"Gas and electric companies in the state have an average 90-day supply on hand and have contracted for sufficient coal to last them throughout the winter," said the bureau. "This situation will not change unless the strike is extended to the bituminous fields or transportation is crippled. These companies consume more than a million tons of coal a year.

"If the strike is prolonged, gas companies will play an important part in helping out the anthracite consuming public by making coke available for their use."

OPEN STREET SO GIRLS CAN REACH DORMITORY

Due to the opening of Russell Sage dormitory Saturday the block on E. John-st between S. Meade-st and S. Lawe-st, where rough concrete has recently been laid, probably will be opened for a few days so that the hundred of trunks belonging to Lawrence college girls can be brought to the doors of the dormitory, according to Charles Pose, chairman of the streets and bridge committee. It probably will be necessary to open a block or two on S. Meade-st and S. Lawe-st also, in order to reach John-st. The first rough layer of concrete on these streets was laid four or five days ago, and will be well hardened by Saturday. It was found impossible to get the bituminous asphalt surface on the streets in time for them to be opened to accommodate the heavy traffic to and from the dormitories at the opening of college.

tories and department stores employing a considerable number of workers conduct a fire drill, and that all schools conduct the monthly fire drills, and give definite instruction in fire and accident prevention, as required by law."

"I also urge that on October 9 fac-

RADIO PREPARES FOR BIG SERIES

Biggest "Hookup" in History
Will Broadcast World
Championship Ball Games

Schenectady, N. Y.—Coming of the world series and the opening of the football season, will begin a series of broadcasting events that is expected to surpass all others heretofore presented.

Broadcasting Station WGY, here, for example, has drawn up a schedule of sports events which will be broadcast to its fans this fall, and expects to get a following of many thousands of additional fans by this method. The schedule includes all eastern games of any consequence. The world series of course, will be broadcast not only by WGY, but by WJZ, WEAF and its chain of broadcasters, WAHG, and perhaps one or two other independent broadcasters. It will be the greatest event in radio since the political conventions last year.

Station WAHG of Richmond Hill,

TALISMAN EDITORS GO TO NATIONAL MEETING

Several members of the staff of the Talisman, Appleton high school weekly publication, and the Clinton high school year book, as well as the faculty sponsors are expected to attend the fifth annual convention of the Central Interscholastic Press association which will be held in Madison, Nov. 27-28. Many local editors and reporters traveled to Madison in cars to attend the 1924 session. The association is composed of editors and business managers of 1,500 high school and university publications in 43 states and 3 territorial possessions. The sessions are held under the aus-

spices of the University of Wisconsin course in journalism.

The organization and federation of state and sectional associations will be the chief business of the delegates. Round table discussions led by a staff of 40 experts will consume most of the time of the two-day session. Nearly 1,000 delegates attended the 1924 convention.

Since its organization in 1921 with 63 members, the body has increased in membership to 254 in 1922, 467 in 1923, 804 in 1924 and approximately 1,500 in 1925.

L. I. expects to have its mobile broadcasting station report the world series games to the fans by short-wave rebroadcasting. Thornton Fisher, famous sports reporter, and sports announcer for WAHG, will be at the scenes. The mobile station's call letters are WGMU.

WGMU will travel back and forth between football games from the spot through WAHG. Its sister radio reporter is WGRU, the radio yacht, which follows water sports and reports them to fans through WAHG.

POPULATION OF U. S. NOW IS 114,340,000

Washington, D. C.—The population of the United States on Sept. 1 was 114,340,000, according to a treasury department. The population on Sept. 1, 1924, had been estimated at 112,922,000.

The total amount of money in circulation on Sept. 1 this year, exclusive of funds held by the treasury and federal reserve banks, was \$4,784,024,000, compared with \$4,773,787,000 on Sept. 1, 1924.

The per capita circulation on Sept. 1 was \$41.84, compared with \$42.28 a year ago.

Miss Rose Harman of Milwaukee, returned to her home Thursday after spending the week with relatives and friends in the city.

Insurance executive says Kellogg's ALL-BRAN is "Conqueror of Constipation"

Former addict to pills and drugs says ALL-BRAN restored youthful vim.

Here is a most remarkable tribute to Kellogg's ALL-BRAN:

For more than one-third of a century, I was an addict to all kinds of pills, drugs and nostrums to alleviate the tortures resulting from constipation. They brought only temporary relief. Then I tried Kellogg's ALL-BRAN, and as a result I have a new birth of freedom from the terrible foe of the race, the personification even of youthful vigor in my advancing years. Truly, Mr. W. K. Kellogg's ALL-BRAN is the conqueror of constipation.

Gratefully yours,
(Signed) A. M. SWEENEY,
The Federal Reserve Life Insurance Co.

Let Kellogg's ALL-BRAN conquer constipation forever for you. Doctors recommend it. It is what they call a bulk food, that sweeps the intestine clean, stimulating digestion and normal, healthy action. Something habit-forming pills and drugs can never do.

Eat at least two tablespoonsful daily—in chronic cases with every meal. If eaten regularly, relief is guaranteed or your grocer returns the purchase price. Kellogg's ALL-BRAN is made in Battle Creek, Mich. Served in leading hotels and restaurants. Sold by all grocers.

Kellogg's
ALL-BRAN

Beech-Nut Prepared Spaghetti

Ready cooked—easy to heat.

That's why it's good for picnic parties.

And when served—Oh so delicious!

Include it in camp or tramp supplies.

PLAYWRIGHTS IN THE LEGISLATURE

Wisconsin's election laws do not need to be clarified, they need to be dramatized and sold to some enterprising film producer who is interested in developing a serial with weekly climaxes and suspense periods bridging the high points.

The cinema could well open with a call for a special election by the governor of the state, to be held in harvest time when all farmers are at liberty to take time off to vote. Candidates rushing to have their election calls filed and planning to carry the fight through the primary are filled with consternation by a solemn announcement by the Secretary of State, that the battle must be fought out in the primary as no independent candidates will be permitted on the ballot, since the election is too short to file nomination papers in compliance with the law.

After a series of thrilling adventures the hero decides to file independent papers and seek party nomination at the same time thus thwarting the cruel law. He is enjoying the applause of his supporters when he is beset by the grave uncertainty of the legality of his action. The Attorney General has been asked for an opinion.

The question is decided in the favor of the hero, and the battle to the end plan is carried on to the great satisfaction of the hero and his supporters. The contest is to be narrowed to four candidates after the primary and success is at hand. The hero is rebuffed at the primary but is to have an open field as an independent. The secretary of state discovers a new clause in the state law.

The new clause provides that any candidate not receiving enough votes to be placed on the ballot under the party label, but as many as the signatures required for an independent candidate is automatically an independent candidate. The hero in his battle to the bitter end is beset with more opposition than he had in the primary. He is in despair, when a friend hands him a copy of Wisconsin's Election laws and the campaign is just started.

THE FUTURE OF FLYING

Bidders for the contracts to establish new air mail lines as feeders for the existing transcontinental routes give no indication that the public confidence in the future of commercial or military aviation has been shaken by the Shenandoah disaster, or the failure of the PN-9 No. 1. Post Master General New opened bids on the new lines while the pictures of the recent airplane and dirigible accidents were fresh in the public mind, but there is no sign that the recent aviation failures are reflected by hesitancy on the part of investors in this particular line of endeavor.

Any number of companies appear willing to engage in commercial aviation in connection with mail carrying contracts. The bids generally were offers to transport the mail for from 7 to 8 cents of the 10 cents collected by the government, and some of the bids were as low as 5 1/2 and 6 cents of each dime collected. Tragic and threatening as were the stories of the Shenandoah and the PN-9 No. 1, they do not indicate unsurmountable difficulties in the way of air transportation development to the minds of the commercial fliers, for nothing of the hazards of the business is removed by the fact that the company operating has a government contract. The risk attendant upon flying, and the problems of estab-

lishing regular service must be undertaken by the contracting company, and the mail contract can be regarded as nothing more than a constant source of revenue. Transportation companies will have the privileges of carrying passengers and express with the mails, so that the new routes will aid in developing all phases of commercial aviation.

It must be plain American capital is eagerly seeking investment in aviation projects, and that this form of transportation is on the road to becoming established as a standard means of travel and communication. The tragedy of the Shenandoah and the near tragedy of the PN-9 No. 1, are not regarded as warnings against attempting to conquer the air, but rather as lessons in construction and operation that will materially advance the development of commercial and military aviation.

A GREAT MONTH

For three things are we grateful to the month of September. They are fall, football and oysters. A more popular trio is difficult to imagine and as the good things in life usually come singly we are three thankful for the providence of September.

There is an axiom that oysters are in season in the eight months of the year having the letter "R" in their names. We are not informed whether there is an affinity between these months and oysters because the letter "R" is also in the word oyster or it is just a coincidence. Neither do we know the discoverer of the circumstance and the author of the axiom. However, it is neither axiom nor secret that we are glad September has an "R" somewhere among her nine letters and we are not particularly interested in what style the first oysters are served.

To September also are we indebted for autumn. Where the summer is hot and the winter cold there is no season quite so delightful as autumn. It is without the extremes of temperature, is comfortably warm at day and somniferously cool at night, is an aid to efficient work and an irresistible urge to recreation. In all it is a season in which to live to the utmost.

Thirdly, September hears the first thud of the pigskin and the first shrill blast of the referee's whistle. The nation in September turns its eyes away from vacations and baseball to feast them upon the gridiron. Recent development of football in the colleges, universities, public schools and athletic clubs has made it a national sport where once it was strictly a college game. When football season opens the whole nation is kin, class barriers erected by education are dropped and player and spectator play the game for all there is in it.

Every month of the year's twelve has something which makes life worth while but September seems most bountifully endowed with the "better attractions."

WAR MENACE

The world is struggling, not yet successfully, to organize for the prevention of war between nations. It has scarcely begun to organize against the nearer menace of war between classes, or the remoter specter of war between races.

President Coolidge is attempting to prevent a strike against which our existing institutions give him no weapon. If workers and employers cannot agree, it is their privilege to fight each other with strikes and lockouts.

So the head of the government is reduced to do by solicitation what he should be empowered to do by law. We cannot "outlaw war" between nations or between classes, except by substituting something better. We are trying that, in a way, between nations. Between classes, we do not yet dare even to try.

TODAY'S POEM

By HAL COCHRAN

SIDERICK
I've got a sidekick that's really my friend, though he's only a fuzzy-haired hound. The type that will stick to me until the end, and the kind that I'm glad I have found.
When leaving for school at the start of the day, he comes trailing along at my heels. We stop down the road for a short bit of play. When I leave him, I know how he feels.
I enter the schoolhouse and bid him goodbye, and he knows what it all is about. He squats himself down, with a dog's sort of sigh, and he waits till the school's letting out.
I come from the doorway and call him by name, and cheer talks to the place of his sorrow. He's tickled to see me. Aw, say, it's a shame, I must go back to school on the morrow.
If I had my way I would spend every day, from morning till night, with my sidekick at play. He's friendly to me, and he just makes me see that school isn't all that it's cracked up to be.
(Copyright, 1925, NEA Service, Inc.)

Health Talks

BY WILLIAM BRADY, M. D.
Noted Physician And Author
Dr. Brady will answer all signed letters pertaining to health. Writers' names are never printed. Only inquiries of general interest are answered in this column, but all letters will be answered by mail if written in ink and a stamped self-addressed envelope is enclosed. Requests for diagnosis or treatment of individual cases cannot be considered. Address Dr. William Brady, in care of this paper.

THE OPTIC OF TAURUS
The best doctor, viz., we regulars, make some mistakes, as the fablesters constantly remind us. People without any knowledge, or worse, with "blatant" complaint, are wont to call regular physicians "allopaths." There is not now and never has been an "allopathic" school or system or mode of practice; that is merely an epithet invented by followers of isms and patches of various complexions who naturally desired to stigmatize all physicians who declined to switch off of main line and follow the one-track side issue of the moment. No well educated physician or healer acknowledges himself restricted or bound by the tenets or theories of any party, ism or school of healing; such a trick is for the narrow-souled mind and it appeals to the uninformed or the misinformed.

In shooting the bull day in and day out, month after month, one not equipped with a silencer is bound to make a mistake occasionally. I have such a mistake to confess today. No doubt some unfortunate correspondent has made some annoying remark about allopathy or the doctors trust as I took aim. Anyway the sad news has come that I hit poor Taurus squarely in the optic, and like the nine hundred or more food and medicine manufacturers who have confessed judgment for defrauding the public, I acknowledge that I was aiming at the bull's eye and hoped to hit it. What a \$25 fine in a game like this!

Miss R. M. H. deposes and says that she is a niece of God's country, 42 years of age and no bones about it, a semi-invalid (perhaps more in the spirit than in the flesh) and she testifies as follows, to-wit:

"There has been so much said about 'er' that I am prompted to write you how I was cured of the 'catching cold phobia' by reading your articles. What joy and comfort that has brought into my life cannot be expressed in mere words.

"You have wiped away many fears and corrected erroneous ideas which burdened my mind and hampered my life. The first enlightenment I received was when I wrote you about 'Little Mary's Lamb'."

"Of course folks will say I must be strong and blessed with unusually good resisting power and all that, but quite the contrary. I am anything but strong. I am rather frail in build, below weight, and generally thin-skinned and delicate in constitution. If mere resistance counted as the 'old' claim I should be a ready victim for all the famed cures and 'exposures'...."

The young woman goes on to enumerate the dreadful things she does—sitting out on the damp ground ignoring drafts, going out immediately after a shampoo and before her hair is dry, wearing as little clothing as she pleases at any time, etc. etc. "Whatever the dangerous thing called 'night air' may be," she says, "I dunno but I surely like it, even the East Wind."

How come, this convert nursed her fallacies and phobias for twenty years or more under the care of her physician? She explains that, too:

"Why did I not ask my family doctor? I never thought to ask him because that would be a display of ignorance. I took for granted everything I was told by parents and other friends. Without studying astronomy we know or think we know there are stars in the heavens, but we have many misconceptions about the stars which are dispelled by the study of cosmology. Without studying medicine or physiology or hygiene we think we know that one 'catches cold' from a draft or from getting wet or chilled in the course of the regular function—sickness, as the unlearned call it. Oh, boy! When I think of all the ice cream I have missed because of that particular phobia!"

Then Miss H. gives us one to think about: "Doctor, I don't think you fathom the misery and unhappiness that was passed on to us from our unrighteous relatives and friends when we were shown up...."

Well, maybe, not; but I have seen enough to wait until that bull turns his other eye this way.

QUESTIONS AND ANSWERS

The Daily Raw Ration

Is it harmful to eat raw potato? I seem to crave it and I like to eat a slice or two nearly every day. (Mrs. T. C. T.)

ANS.—No. It is a good health practice to take same raw food every day, such as potato, carrot, tomato, cucumber, celery, lettuce, cabbage, onion, radish, turnip, wheat, oatmeal, bran, and whatever fruit is available.

LOOKING BACKWARD

TWENTY-FIVE YEARS AGO

Friday, Sept. 21, 1900.
Fourteen tables were in play at the first skat tournament of the season at the Northwestern house last evening. The prize winners were Gus Gustin, Elmer Rook, Wilmer Diederich, Elmer Montgomery and Theodore Stark.

Marriage licenses were issued to Herman Lutnow and Helen Van Ryn, Appleton; Arthur Muenster, Cedar and Della Stammer, Freedom; and Eugene D. Palmer and Malvine Mofford, Appleton.

A McKinley, Roosevelt and LaFollette club was organized at Sholton last evening with more than 50 members. Officers were: President, F. J. Barnes; vice president, G. H. LeFevre; secretary, G. H. Loney; treasurer, Thomas McNelly.

A gold watch and \$25 in money were taken by burglars who entered the home of D. H. Pierce last evening. The residences of George Miller and Dan Green also were ransacked.

Warren B. Bullock, former Appleton newspaper man who was now engaged on the Milwaukee Sentinel spent the day in Appleton. He declared that the presidential campaign was becoming heated and that McKinley seemed to be the favorite candidate. Robert McMurdo of Hortonville, former sheriff, spent the day in the city.

TEN YEARS AGO

Friday, Sept. 17, 1915.

An automobile stolen from Dr. A. H. Wright was recovered at Port Washington and two young men from Cleveland, Ohio, were arrested for the theft. The automobile had been parked in front of the police station at Lake Mills, while four youths occupying it were sleeping in the fall overnight. The town marshal had a description of the car but was unaware that it stood before his eyes.

Mr. and Mrs. Oscar Kunitz found the roads almost impassable in places on a trip which they had just completed by automobile to Milwaukee and back.

John Vandenberg, an employee of the city, was injured slightly while on Collins street this morning when a truck and dragged by an automobile.

Charles Appleton, farmer living in the town of Kaukauna, had his wedding plans interrupted operation for appendicitis, the evening before he was to have married Miss Don Smudde of Freedom.

Carl McKee and Raymond Green appeared that evening at Elite theatre in a program which they expected to present later on the Orpheum vaudeville circuit.

SEEN, HEARD and IMAGINED

---that's all there is to life

GEOGRAPHICAL

Before they put me in the ground. Please tell me how does Puget Sound?

The Puget waves they wash and wash
And sound like Walla Walla Wash.

To answer all these frantic calls,
We'll say it sounds like Cuyahoga Falls.

Yep, this is the best country in the world, even if it is winter all the fall.

It is mighty lucky Lawrence footballers didn't have to meet the Oshkosh Normals yesterday. It is not enough to postpone the order for the winter's supply of coal for another couple of weeks.

The coal dealers had better be nice to us, or we'll threaten them with another heat wave.

A boy tells us he'll be glad when college starts. Says he hasn't seen any spending all summer.

THE GREAT AMERICAN FAMILY

"No, we never read the newspaper any more. What's the matter with that paper boy? He's late again."

"Isn't it terrible the way the newspapers play up all the crime news? What's the latest about the Schumacher boy murder?"

"Now, there isn't any news in the paper any more. Dad, will you let me have the sport page?"

It seems that evolutionists have gotten a corner on the monkey gland market.

By the way, what's become of all the monkey glands? We don't see any old men stealing apples or becoming steepie jacks.

Summer is passing. You wouldn't have known it yesterday, but just the same, a lot of elbows are clear already.

The nicest thing about this summerized fall is that there are no strawberries for the downtown restaurants to leave out of strawberry shortcakes. We still have a grudge against that waitress who brought us a small cake every time we forgot our eyeglasses. That's how we came to miss both berries and cake.

With the opening of the fall term of Lawrence college and the accompanying approach of freezing weather, many sophs, juniors and seniors had better look up some or their flames right away.

Not that we want them to play with fire, however.

One young man who haunts our neighborhood doesn't wait until fall to warm himself. Great gazooks! What that boy needs is not flames, but a refrigerator!

Down at the University of Iowa where Lawrence footballers went on a rampage last year they use only 25 letters in the alphabet—which accounts for their poor training last year. They think they need only 25 letters on the assumption that the U and I stand for one and the same thing.

The Question Box

A Little Knowledge Is A Dangerous Thing.

He who knows but a little of everything and nothing completely remains a little being to the end of his days. Learn thoroughly! Learn completely! You can do this by attending our free school, the University of Information. We will answer any question of fact propounded to us. We can broaden your knowledge. Merely send your question to us, enclose a 2 cent stamp, and get ready for the answer. Send the question to The Appleton Post-Crescent Information Bureau, Fredric J. Haskin, Director, Washington, D. C.

Q. Can a man who steals an automobile be prosecuted under the Federal laws? F. R.

A. The Dyer Act, passed by Congress in 1917, was designed to punish criminals caught transporting stolen automobiles from one State to another.

Q. Are there figures which would compare the amount of ammunition fired to produce a casualty in the World War, with those of the Revolutionary War and the Crimean War? J. F. H.

A. Statistics compiled do not differentiate between the artillery and the small arms ammunition fired in order to produce a casualty in any war. Out of 1,400,000 rounds small arms ammunition of the firing line and target practice included, our casualties of 288,000 (which figured about one-third higher than the German casualties) required approximately 20,000 to 40,000 rounds to produce a casualty. In the World War, in the Revolutionary War there were approximately 4500 rounds of ammunition per casualty. In the Crimean War there were approximately 25,000,000 rounds of ammunition and less than 25,000 casualties, which would require about 1000 rounds per casualty.

Q. Is there a tunnel between the Smithsonian Institution and the New National Museum? J. W. P.

A. There is such a connection, made primarily for electric wires and gas pipes, but of sufficient size for use as an emergency passage.

Q. When were Pekingese dogs brought out of China? M. G.

A. The first specimens were brought to England in 1860. Admiral Hay found them in the garden of the Summer Palace where they had been abandoned when the Court fled. The Pekingese are the sacred temple dogs of Peking, and were once so carefully guarded that their theft was a crime punishable by death.

Q. What does it mean when it says that a prisoner will serve two sentences, "concurrently"? E. S. B.

A. It means that the sentences imposed will both be served at the same time and that on the expiration of the longer time the prisoner will be at liberty.

Q. Why is a ship spoken of as "she"? A. S.

A. In some of the older languages such as Latin and Old German, from which modern languages have been derived, all inanimate objects were given masculine or feminine gender. In this way the moon was feminine and the sun masculine and among other things, ships and other vehicles were generally spoken of in the feminine gender. Modern languages have adopted this same idea; therefore, the reason for speaking of a ship and train as "she."

Q. What is the quotation about gold that says "it dissolves every doubt and scruple"? P. T. P.

A. "Gold is a wonderful theatre of the understanding. It dissolves every doubt and scruple in an instant. It accommodates itself to the meanest capacity, silences the loud and tumultuous and brings over the most obstinate and inflexible." Addison.

TWO FLOORS OF GOOD THINGS TO WEAR

Adventures In The Library

By ARNOLD MULDER

WIVES
Gamaliel Bradford, the originator of psychographs in modern literature, is on the fall publishing list with a book that has the brief title of "Wives." It consists of a number of "studies" of the characters of the wives of famous Americans, how they worked behind the scenes of history, how they affected the course of events, how they helped to make or mar their husbands' lives and through them to make or mar American history.

Exactly this kind of book might have been expected from Gamaliel Bradford before there was any announcement that it would be written. The book was almost inevitable. A year or two ago Bradford published his book, "Damaged Souls," studies of noted Americans who had suffered of partial or complete shipwreck and in those sketches Bradford's preoccupation with the wives of the "damaged souls" was already clearly shown. In getting at the secret of the failure of men who went astray he never neglected to delve into the lives of the women of the household and almost invariably he made the life of the man more understandable in that way than could have been done in any other way.

NOT AN ACCUSER
This sounds as if Bradford holds the wives of souls who are damaged responsible for the damage. Quite the contrary, he is on the whole more ready to credit the wives with influence for good than for bad. In several cases a great wife redeemed her husband, although in a few cases the wife was largely the determining factor in the man's defeat on frustration.

But the point is that the wife of most invariably played a leading part in the present series. In this book attention is not focused on "damaged souls" but on men who made American history—among others Abraham Lincoln, James G. Blaine, Jefferson Davis.

Bradford's plan is to try to discover what part the wives of these men played in the events connected with the lives of these great Americans. Most interesting perhaps of all the studies is that of Lincoln's wife, Nicholas and Hay wrote a life of Lincoln that filled ten large volumes and when I read it many years ago I was struck by the fact that they devoted only a page or two directly to Mrs. Lincoln.

ALMOST A LIBEL
This silence almost amounted to a libel on her character. It inevitably made the reader feel that there was nothing good to be said about her. But while Bradford's picture is by means a eulogy it is much kinder than the one that filled ten large volumes. It is an understandable picture.

Mrs. Lincoln wanted money among other things and she could never get it. Even in the White House the Lincolns were hard pressed financially. She was inordinately ambitious for her husband and Bradford suggests that during the many years of obscurity she often made life a little hell for him. There is the intimation that she sheltered him enormous in one way by making home so unpleasant for him that he stayed away from it as much as possible and that his naturally indolent nature was stimulated to seeking satisfaction in work that normally he would have looked for in the delights of home.

But she had much to contend with. Until nearly the end of his life Lincoln was obscure and poor and Bradford understands what this must have meant to an ambitious wife. It is practically impossible for us to a Lincoln with her eyes because of great fame blinds us to that part of his life. It seems today that any man might have felt deeply honored to be the wife of Abraham Lincoln, but there was no visible reason for feeling that way until shortly before his reaching the presidency.

Bradford does not think that on the whole Mrs. Lincoln had much effect on her husband's life but his picture of her makes us see her side of the case. And that is the effect all the studies of wives in the volume has, is almost like reading familiar history from an entirely new angle.

Just A Moment

There are about 700 women physicians in Japan.

A turtle can lay 150 eggs in half an hour.

Australia has a population of less than two persons to the square mile.

There are only about 40,000 Eskimos in the entire Arctic.

Experts figure that there will be 10,000,000 rats on a receiving set in the United States by 1930.

An oyster produces 50,000,000 eggs at spawning. Only a few survive.

In a potash mine at Strassburg, Germany, men work 2800 feet underground in a temperature of 104 degrees Fahrenheit.

The Jolly Little Game of Tossing the Pancake

Pythians Go To New Hall Next Month

It was decided at the meeting of Knights of Pythias Thursday evening in Castle hall that officers make arrangements for the first gathering of the new temple, the present Methodist church, which will be held the last week in October. The Knights will take over the church as their Castle all at that time. A program for the event is being arranged.

N. J. Gallipeau was appointed chairman of the program and entertainment committee; W. F. McGowan, chairman of the membership committee and Theodore Brunke, chairman of the dance committee. An attendance committee is to be appointed at the next meeting on Thursday, Sept. 24.

PARTIES

Miss Elsie Ehke was tendered a surprise shower by Mrs. Hulda Rohlf at the Rohlf home at 1415 N. Superior at Thursday evening. Twelve young women were present. The time was spent playing buncie and the prizes were won by Mrs. John Ehke and Miss Ione Nelson. Miss Ehke is to be married Oct. 6 at the Lutheran church at Winneconne to Winfred Hess of Kaukauna. She was presented with a floor lamp.

Mr. and Mrs. Michael Schreiner, 829 E. Ell-st., were surprised by a party of friends Thursday evening in honor of their fourteenth wedding anniversary. The evening was spent informally.

The Misses Margaret Miskimin and Lynda Hollenbeck entertained a number of guests at a farewell dinner at 6:30 Thursday evening in the Gold room of the Conway hotel in honor of E. H. Nelson who will leave soon for Madison where he will attend the University of Wisconsin. Bridge was played after the dinner and prizes were won by Miss Manette Ellis, Miss Frances Belka, John Clark and John Meyer.

LODGE NEWS

Appleton Commandery of Knights Templar will meet Friday evening at the Masonic temple. Red Cross degree will be conferred.

Invitations to attend the Dale camp meeting of Royal Neighbors to be held Oct. 20, have been accepted. It was announced at the meeting of the local organization Thursday evening in Odd Fellow hall that the local drill team will put on the work at that meeting.

A "Colonial Tea" is being planned for the next meeting of Daughters of the American Revolution, it was announced at the meeting Thursday afternoon at the home of Mrs. Paul Keicher, 1249 E. Pacific-st. A special meeting of the organization will be held at 3 o'clock Monday afternoon at the home of Mrs. Henry Russell, 809 E. Alton-st.

John F. Rose chapter, Order of De Molay had a meeting Thursday night in Masonic temple. Regular business was discussed.

Initiation of a class of candidates took place at the meeting of Knights of Columbus Thursday evening in Catholic home. Routine business was discussed.

AD WRITERS TOLD WHAT THEY CAN DO FOR CITY

H. L. Post of Pettibone-Peabody Co. told Appleton Advertising club at its meeting Thursday noon at Hotel Northern, what the club can do for Appleton. Plans for the coming year were discussed and further arrangements were made for the educational program which will be started at the next meeting in October.

WISCONSIN WEATHER

Partly overcast tonight and Saturday; probably becoming unsettled in west portion; cooler in southeast portion tonight.

WEATHER CONDITIONS

Low pressure moving eastward along the international border during the past 24 hours has caused showers from lakes Superior and Michigan eastward, and fresh to strong winds over the upper lakes. It is followed by higher pressure this morning, with clearing and cooler influence. Weather conditions in this section tonight and Saturday, with moderate northerly winds and moderate temperatures and mostly clear skies.

NOTICE!

I have sold my grocery store, and all accounts due to Richter's Grocery must be paid by October 1st. Checks can be sent to 603 N. Division St. or paid to Citizens National Bank or at the store Saturday.

TELEGRAM FROM JOHN ALDEN PRESCOTT TO SYDNEY CARTON

Just to let you know that all is well with the Prescott family, old man, and that I am the happiest man in all the world, because I have fallen in love all over again with the sweetest woman on earth and that woman is my wife. JACK.

Letter From Ruth Burke to Leslie Prescott

Your letter was not unexpected, dear Leslie, although many of the things in it surprised me, particularly that beautiful poem by Karl Whitney.

In the first place I must tell you that Walter had some important business that came up unexpectedly in New York. His attorney telephoned him and as we had been separated so much lately, I decided to go with him. We only had 30 minutes to make the train. I intended to call you up this morning, but received your letter before we were through breakfast and so concluded that I would write to you instead.

I wonder if you realize how much more intimate you and I are with each other on paper than we are when we speak face to face. Some way when I read your letters I see an entirely different Leslie before me. You pour-out yourself on paper so completely. There are none of the inhibitions which you seem to have when we are talking.

As you say, Leslie, it took me a long time to make up my mind to marry Walter. In the first place, I had a queer left-over prejudice about a divorced woman marrying again. I got the wrong idea, you know. I thought marriage should be easy and divorce hard and now I know that it should be marriage that should be hard and divorce easy.

I know now that the prejudice against divorce is a silly convention or unwritten law invented by man who thinks thus to surround marriage with more importance.

Marriage is sacredly important, dear, but not in the way most people look at it. We are just beginning to find out, we are just beginning to realize that it is worse to live with a man one abhors than it is to leave him and live with the man one wants. I recognized this dimly all that last year when I was married to Harry Ellington, but I said to myself that a divorced woman was a disgraced woman. I did not realize that any other partnership was not true vocable, that in any other partnership one was not expected to keep on with it, if one saw that one had made a great mistake.

Divorce in the minds of some people is an almost unpardonable sin and no one so separated should be given another chance. And so I lived on and on with Harry allowing him to torture me every day with his neglect and his attentions to other women. I would not even acknowledge to myself that I was more or less in love with Walter.

Are you shocked at that? (Copyright, 1925, NEA Service, Inc.)

TOMORROW: This letter continued.

CARD PARTIES

Mrs. Joseph Schreiner and Mrs. Joseph LaFond won prizes at schafkopf at the card party given Thursday afternoon by the Ladies Aid society of St. Joseph church in the parish hall. Prizes at plumpack were won by Mrs. J. Stier, Mrs. H. Buhtz and Mrs. M. Rossmessel and at bridge by Mrs. P. J. Vaughn.

WEDDINGS

Word has been received here of the marriage of Miss Jessie Griswold, daughter of Mr. and Mrs. Donn A. Griswold of Dale, and John W. Stevens of Milwaukee. The marriage took place Sept. 17 at Waukegan.

Willis Wood returned Tuesday from Grand Rapids, Mich., where he won second place for efficiency in swimming. He left Friday morning for Madison where he will resume his studies at the university.

GAS IN STOMACH HURTS THE HEART

Thousands of Cases of Heart Failure Are Caused by Acute Indigestion, Says Medical Writer

Gas pressure from sour, acid, upset stomach is not only nauseating and highly uncomfortable but some day it may prove fatal!

When your meals are followed by bloating, a feeling of fullness or pressure, shortness of breath and pains around the heart, you may be sure that the acid condition of your stomach is producing a GAS that is pushing upwards and crowding your heart. That is the reason for the shortness of breath and sharp, shooting pains.

Whether young or old, the presence of stomach gas is truly serious and should always be given prompt and careful attention.

To quickly banish gas, cleanse and sweeten the stomach, neutralize the acidity—nothing is better than the daily or "as needed" use of ordinary Bismarck Magnesia. It gives almost instant relief.

Any good druggist can supply Bismarck Magnesia, in powder or tablet form, at very small cost—but be sure you get BISMARCK Magnesia—recommended by Doctors and Druggists throughout the civilized world for more than 12 years. adv.

Directors Of Club Discuss Winter Plan

Plans for the artist series course to be conducted in Appleton this winter by the Appleton Womens club were discussed and further plans were made at a meeting of the board of directors of the club Thursday evening. Work on the membership campaign which starts next week also was taken up and plans for the affair were completed. Women of Appleton and vicinity who intend to join the club this year will be urged to take their money to the club authorities as soon as possible and in this way the work of the solicitors will be lightened. Club officials decided. Part of the money is expected this week.

A new plan for the monthly meetings of the club, held on the second Thursday of each month, was discussed and action will be taken later. According to the plan various clubs of the city will be asked to provide luncheons at a nominal cost and also to prepare a short program for the meetings.

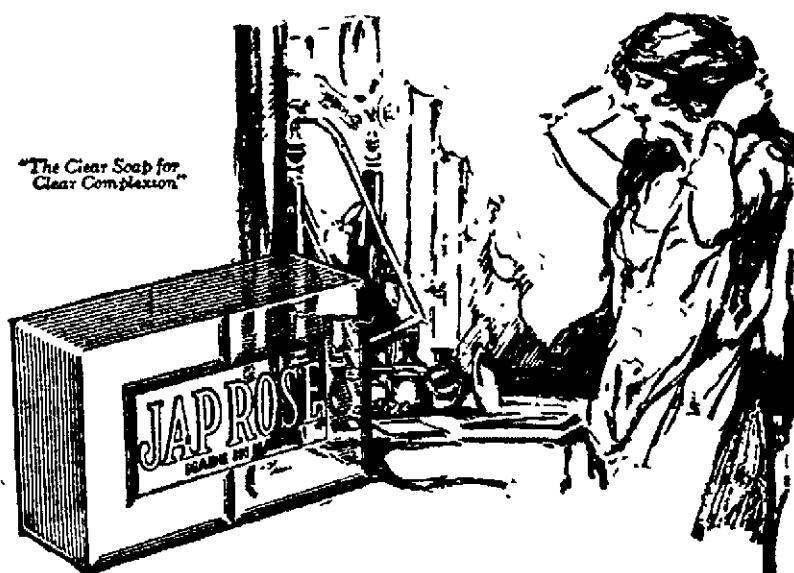

COUNTY WOMEN MEET WEDNESDAY AT BLACK CREEK

The next meeting of the county division of Appleton Womens club will be held Wednesday afternoon at the home of Mrs. Clyde Burdick, Sr., Black Creek. A program of music has been arranged and Mrs. Laura Corneliuss Kellogg of Seymour, American Indian writer and founder of Loomis clan will be one of the speakers. A cafeteria lunch will be served after the program.

The leaders of each group have been asked by Mrs. Edward Cummings, county president to be present and the invitation has been also extended to all members of each of the four groups, Greenville, Grand Chute, Ellington and Black Creek.

BEAVER SCOUTS MEET THURSDAY

A regular meeting of Beaver troop of Girl Scouts was held Thursday afternoon at Appleton Woman's club rooms under the direction of Miss Edna Steffensen, physical director of the club and temporary troop leader. Plans for the year's program were taken up.

Why Do Millions Thrill After a Jap Rose Bath?

HERE'S the answer: it's because every pore has been cleansed to its very roots, so that it breathes and tingles with life and vigor.

Jap Rose thus thoroughly cleans pores because it's so pure that it enters the tiniest openings, leaving nothing to clog them.

Beauty loving women now choose it in preference to mealy soaps that clog pores.

Begin using Jap Rose now—for complexion, hair and bath.

CHURCH SOCIETIES

Due to the small attendance at the meeting of All Saints Auxiliary Thursday afternoon in the parish hall, election of officers was postponed. The election will take place the second Thursday in October.

The Ladies Missionary society of First English Lutheran church had a meeting Thursday afternoon in the Sunday school rooms. The mission topic was "Feed My Lambs."

Joseph Goss of Grand Chute left Friday for Milwaukee to attend the funeral of his sister, Mrs. Anna Dietz, to be held Saturday afternoon.

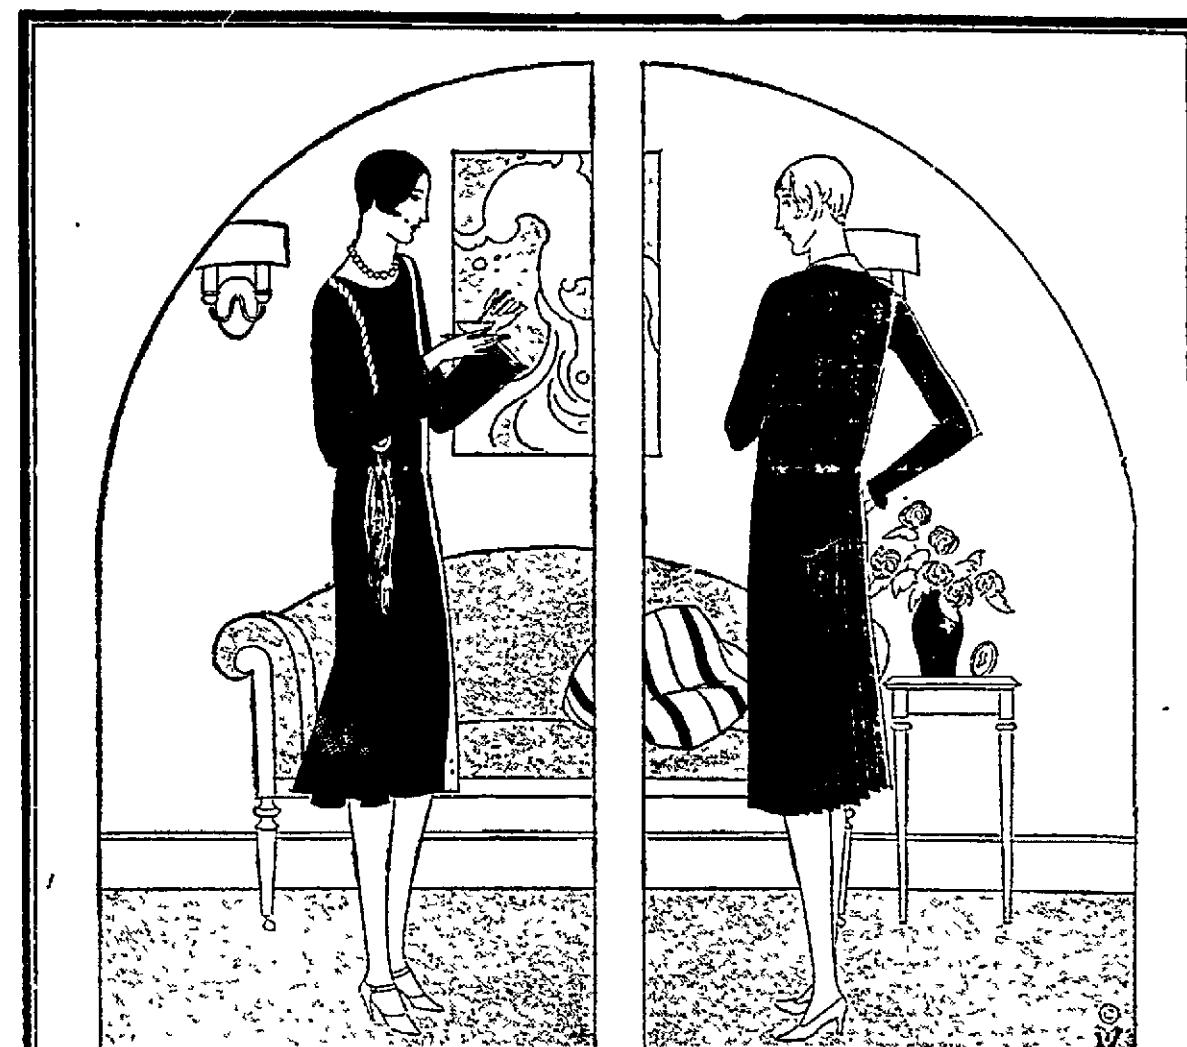

LETTER FROM A FARMER'S WIFE

"For over two years I suffered from pains in my side and back with headaches and weakness," says Mrs. Walter E. Anderson, a farmer's wife of Rangle, Maine. "It seemed as though I could not get my work done from one day to the next, but Lydia E. Pinkham's Vegetable Compound has restored my health so that now I can do all kinds of work, sewing, washing, ironing and sweeping. I hope this letter will influence other women to take Lydia E. Pinkham's Vegetable Compound." Volumes of such letters from women explain why Lydia E. Pinkham Medicine Co., of Lynn, Mass., is the greatest user of roots and herbs in the world. adv.

MISS CUTHBERT HERE ON SUNDAY

Congregational Church's Missionary in South Will Give Report of Her Work

Miss Marion V. Cuthbert, whose work as principal of Burrill normal school, Florence, Alabama, is supported by the local parish, will be the guest of the First Congregational church here all day Sunday. She is to give several addresses on her work in educating colored persons to become leaders of their race.

She will give two talks at the morning service of worship at 11 o'clock. One will be to the boys and girls of the Sunday school in place of the usual children's sermon. The other will be an address on her work in the south, in place of a sermon by Dr. H. E. Peabody, pastor. A reception will be given for the missionary in the church parlors at 4 o'clock in the afternoon, with a light lunch. She is to speak informally at that time of her experiences.

Miss Cuthbert is a highly educated colored woman of charming personality and her work in the south has attracted the attention of leaders of the Congregational denomination. She has been assistant principal of Burrill normal school and has been promoted to the principalship starting this fall. She lives at St. Paul and is to stop on her way to Alabama to resume her work. She spent most of the summer traveling in Europe with a group of about 40 social workers who were studying methods used there.

Makes Left Turn
Arthur Maass, who was arrested at 7:45 Thursday evening for making a left turn on the corner of College and Oneida-st., pleaded guilty and paid a fine of \$4.20. He was arrested by Officer Thomas.

500 ATTEND MEETING OF BAPTIST ASSOCIATION

More than 500 persons attended the closing meeting of the Green Bay baptist association which was held Wednesday and Thursday at Pound. The association is composed of 17 churches. Mrs. W. S. Lincoln, state missionary, and Dr. E. S. Huntley of China were two of the principal speakers. Dr. Huntley told about the Modern Movement in China.

The Rev. Edwin Simpson of Green Bay, was elected moderator of the association, the Rev. T. Edwin Holland, Hortonville, vice moderator and the Rev. U. E. Gibson, Neenah, secretary. It was decided that the next meeting of the association would be held in September, 1926, at Hortonville. Among those from Appleton

who attended the meeting were Mr. and Mrs. D. P. French, the Rev. and Mrs. E. M. Salter, Miss Mildred French, Miss Muriel Smolk and Harold Eads.

Makes Endurance Test
W. M. Singler of Brownsville, Texas, who was making an endurance test of the new 1925 Oldsmobile car, arrived in Appleton Sept. 15 and is visiting at the home of his wife's parents, Mr. and Mrs. S. A. Konz. Mr. Singler left Brownsville at 4 o'clock Wednesday afternoon, Sept. 9 and made the trip in approximately five days of actual driving. He covered 2,250 miles.

NORTHWESTERN RUNS ANOTHER EXCURSION

The Chicago and Northwestern Railway Co. will operate an excursion train through Appleton to Milwaukee on Sunday. The train will leave the downtown station at 6:45 in the morning, arriving in Milwaukee at 9:30. On its return trip it will leave Milwaukee at 7 o'clock at night, arriving in Appleton about 10 o'clock.

It is expected that several hundred local persons will take advantage of the low fare. Two sections are provided for this train, and it may become necessary to add a third for the benefit of the Fox River valley residents who will make the trip.

SCOUT TROOPS 4 AND 5 WILL MEET AT SCHOOL

Boy scout troops Nos. 4 and 5 will meet at the First ward school at 7 o'clock Friday evening. P. O. Kolcher, executive of Valley council, Boy Scouts of America, will be in charge of the session and will conduct scouting instruction. These two troops are to have new scoutmasters appointed for them soon.

WARN HUNTERS NOT TO KILL ANY PHEASANTS

With the opening of prairie chicken hunting on Saturday, hunters are being warned by officials of Outagamie Fish and Game Protective association to be careful not to kill pheasants by mistake if they hunt in the swamps around Black Creek. The association has been rearing a number of pheasants to replenish the locality and if any are shot, the hunter will be violating the law as there is no open season on these. Pheasants and prairie chickens bear some resemblance, sportsmen say, and the hunter should look twice before he shoots.

Edward Ornstein has left for Ann Arbor, Mich., to continue his studies in the University of Michigan law school.

WAUPACA VOTES DOWN PURCHASE OF FIRE TRUCK

Council Adopts Minority Committee Report—Street Car Rails Allowed to Remain

Waupaca—Purchase of a new fire truck for Waupaca has been postponed indefinitely following the adoption of a minority report to that effect, presented by the fire committee at a meeting of the common council Wednesday evening. The report was presented to the council by Alderman Salverson.

The three members of the council who voted to reject the resolution and report by Mr. Salverson were Aldermen Christensen, Nelson and Hanson. Citizens were invited to express their views on the question before any action was taken. Members of the fire department all spoke in favor of a new truck and Edward Nelson also declared the equipment of the adequate water supply and the folly therefore of any more apparatus at present. A majority report of the fire committee by Aldermen Christensen and Nelson was not read owing to the adoption of the minority report. It was said to have recommended the purchase of a Reo two ton truck.

LET RAILS LAY

The next business of importance was the result of a communication from the Waupaca Electric Service company requesting that the rails of the old electric railroad now imbedded in the permanent pavement in the city be left to remain and that the company be released from all further responsibility for their being so left. Mayor Paronto stated to the council that he had a conference with Mr. Richardson, manager of the company, relative to such action, who believed it unwise to tear up that portion of the street which could be easily and expensively surfaced in its present condition, covering up the rails and making a first class job. It was further agreed between the two parties that if the council would take such action, the service company would settle with the city for the paving between the rails which the city had a number of years ago. A representative of the company presented the clerk with a check for something over \$2,300 and the request of the service company was granted.

INTRODUCE MANAGER

J. F. Richardson, manager of the utility, introduced Harold L. Giese, general manager of the Wisconsin Valley Electric company who spoke briefly on the future policy of his company in the city of Waupaca. He stated it is the intention to render the best service possible and asked the public to have patience in the meantime while the necessary changes are made. It is the intention, said the speaker, to construct a power line to the city from Stevens Point so that the local plant will meet any kind of any emergency. Mr. Giese announced that Homer A. Lundén, an employee of the company who is a graduate of the school of electrical engineering at the University of Wisconsin will be manager of the Waupaca plant.

PAINING TABERNACLE AT FOREST JUNCTION

Special to Post-Crescent
Forest Junction—Painters are busy giving the tabernacle an interior coat of paint. Instead of being brushed on, the paint is being sprayed on, which is a new process in this community.

Mr. and Mrs. William Malloy, Mr.

KIMBERLY HAS BIGGER CLASSES

Kindergarten and Grades Show Increase—Catholics Make Annual Pilgrimage

Kimberly—The enrollment in the kindergarten and first grade of Kimberly public school has increased 6.9 per cent over that of 1923. Children under six years of age who attended kindergarten last year were put back into the kindergarten at the beginning of this school year.

Principal says in explanation: "Having 57 enrolled in the first grade and seven in the second grade made it impossible for one teacher to handle them because the state law allows but 45 to be quartered in one room. However, that arrangement was but temporary and those children who were put back into the kindergarten will now be reinstated in the first grade in a separate room under the tutelage of Miss Nita Benedict, a graduate of the University of Wisconsin."

The enrollment in grades third, fourth, fifth, sixth, seventh and eighth remains about as usual. The high school enrollment has increased since 1923 from 9 at that time to 32 at the beginning of the current school year.

There will be organized in the high school department the following clubs: Literature, history, hiking, drama, and a school city will be organized in which the student body of the high school will govern themselves to a great extent.

Principal Jilison believes that the best possible way to inculcate good citizenship is by having them practice it and by working it out to fit their present needs. There is no doubt but that athletics also will be offered.

A large number of Kimberly persons belonging to Holy Name church attended a pilgrimage to the shrine at Robinsonville Sunday. The cars, about 30 in number, left at 7:30 and arrived at Robinsonville in time for all to attend a solemn high mass at 10 o'clock which was read by the Rev. T. Long of De Pere. An appropriate sermon was given by the Rev. F. X. Theodore Wulkins and John Lamers left last week for St. Norbert college, West De Pere.

George Ritten left last week for St. Lawrence college, Mt. Calvary.

Edward Kilsdonk left last week for St. Nazianz where he will attend college.

FREE

15,000 Treatments Given Away For

Terrific, ear-splitting, lion-like roars; head noises and rumblings—foretell the coming of deafness, with its bewildering, distressing consequences. Those never-ceasing noises, indescribable, but likened by many to the roar of a lion, have been banished in thousands of cases by Dr. Coffee's famous home treatment.

DEAFNESS

Head Noises or Nasal Catarrh

I want the names of 15,000 people, sufferers from catarrhal deafness, dullness of hearing, head noises. I have an original home treatment for these distressing conditions.

For years I suffered with catarrh, deafness and head noises; many different methods of treatment were tried; two operations failed to give me permanent relief. I began to experiment on myself and finally developed a treatment which completely healed my catarrh, restored my hearing and stopped those terrible head noises.

I want 15,000 people to try this splendid, effective treatment entirely at my expense.

Remember These Are Free

I am proud of this treatment and am anxious to help others suffering with deafness, head noises and nasal catarrh. I want to prove its worth. I have had prepared 15,000 demonstration treatments which I will give away for the next 30 days, absolutely free.

I want to prove that my original home treatment will give relief from catarrhal deafness, head noises and nasal catarrh. The results are quick, convincing and gratifying.

You feel the difference the first day; that starts the treatment which did away with my deafness and head noises and nasal catarrh.

This costs you nothing whatever. Simply send coupon or write me a letter, saying you are suffering with deafness, head noises or catarrh. I will gladly send the free treatment. It is the best that I have ever found in my 42 years' practice, devoting my time to eye, ear, nose and throat. I want 15,000 sufferers of deafness from nasal catarrh, dullness of hearing, head noises to try this FREE.

Don't Neglect Catarrh or Deafness

Catarrhal deafness, head noises and nasal catarrh generally grow worse when neglected. Authorities assert that 90 per cent of all deafness is traceable to catarrh of the head and air passages.

Others state that nasal catarrh often is the cause of indigestion, rheumatism, catarrh of the stomach and many other diseased conditions.

Dr. W. O. Coffee

Dr. W. O. Coffee for 42 years a practicing physician, specializing in eye, ear, nose and throat work, developed this phenomenal treatment for catarrhal deafness; he has had untold success in his work. Thousands of letters such as appear in this announcement are on file in his Davenport offices where he is now practicing medicine. In all sections of America, people write him telling of their complete relief through his treatment.

The system of treatment developed by Dr. Coffee is not a magical thing; it is a method worked out by him in restoring his own hearing and relieved him of distressing head noises and catarrh over 27 years ago.

In the past 25 years he has prescribed it for more than 500,000 people for these conditions and from this experience has developed the completeness of his method. Dr. Coffee is a professional man, a man of standing in his community and his offices are visited daily by people from all parts of America, seeking relief for eye, ear, nose and throat troubles. The number of followers attest the effectiveness of his work.

Profit by the Experience of Those Who Know

"Your treatment cured my catarrh of years' standing. My eyes are better and my head is clear and also the nose. Your catarrh treatment is wonderful."

Mr. N. E., Cambridge, Mass.

"I am very pleased with your wonderful catarrh medicine. It relieved me of head noises and may God's blessing be on you. You may use my name in reference to head noises and ears."

Mr. M. E., Worthington, Ont., Can.

"I have recently finished a two months' home treatment for head noises and dullness of hearing with great success. I don't have any more head noises and my hearing is now even better than when I was a kid, and I am very, very thankful to Dr. Coffee for same and do hope that others will take advantage of that man's great way of treating that disease without visiting his office or the loss of any working time. His treatment is worth many times more than what little he charges for it."

Mr. P. S., Sioux City, Iowa.

"I was troubled with catarrh of my head and had bad hearing. My hearing is restored and head noises are all gone. I recommend your treatment."

Mr. M. S., Worcester, Mass.

"I am writing to thank you, as I have been cured by your treatment. I noticed improvement after the first treatment, until now I am cured. I am greatly indebted to you for making me well again. You may publish my recommendation, or this letter, so that other Pittsburghers may try and see for themselves the benefit derived from using your treatment."

Feb. 17, 1925. Mr. T. A. M., Pittsburgh, Pa.

"I thank you for your treatment for my ears. My head noises are all gone. I can now hear the clock tick and I feel fine."

Mrs. L. C., Chicago, Ill.

"I write and tell you that I am especially well from using your treatment. My head noises and my hearing are so good. I can hear as good as when I was a young girl."

Mrs. T. G., Beresford, S. D.

"Your treatment cured me of deafness and stopping up of the ears caused from catarrh."

Miss F. S. S., Burville, Tenn.

"Your medicines have quite done wonders for me in helping my ears. Can hear perfectly now."

Mrs. J. E. F., Humboldt, Mich.

"Your treatment restored my hearing."

Mr. G. H., Fairview, Mont.

"Your treatment was used as directed and can hear well and have no noises in my head and no throat trouble. It has cured me."

Mr. J. B. F., Bobby Littleton, Ala.

"Two or three days after using your treatment that dullness in my head was gone and my hearing was as good as before. My hearing was not very good for several years. I thank you."

Mr. F. H., Woodburn, N. Y.

"Your treatment for deafness worked like magic. My hearing is now quite normal. At church Sunday I was surprised—I could hear every word of the sermon, something I had not been able to do for some months. You have a wonderful cure."

Mr. J. A., Superior, Wis.

"Your treatment has cured me of the worst head noises."

Mr. M. W., Jaber, Ky.

"It has cured me of ringing in the ears. Can hear as good as ever."

Mrs. A. D., Decatur, Ill.

"I thank you for your kindness. I am 75 years old. If it hadn't been for your treatment I would have been dead. I could hear all kinds of rumbling noises in the ears, but that is all gone now. My hearing is nearly normal. Can hear a clock tick across the room."

Mr. G. B. H. M., Luka, Miss.

"I am cured of my catarrh completely. I recommend your wonderful treatment."

Mr. W. A. C., Chicago, Ill.

"Your treatment worked like magic. The first application relieved me. It stopped my headaches, relieved my ears, nose and throat. I cannot express my feelings for the good you have done."

Mrs. L. S. G., Ogden, Utah.

"Your treatment cured me of my head noises and catarrh." E. T., South Omaha, Neb.

If you suffer with partial deafness, head noises from nasal catarrh, do not neglect this condition. There are thousands, who are now practically stone deaf, whose hearing could have been saved had the right measures been taken in time.

I have personally restored hearing in hundreds of cases, where the patients were so deaf they could hear practically nothing. I want to prove the value of my treatment to you entirely at my own risk and expense. Hundreds of cases have been relieved by this free treatment. Try it free in your case and prove it to yourself. I will gladly send it without cost. Just fill out and mail the coupon.

Try This FREE!

I don't ask you to send one penny for this treatment. I send it free to you, prepaid without cost. I am doing this to quickly introduce my original home treatment to sufferers of catarrhal deafness, head noises or catarrh; I appeal especially to those who are bad in one ear and just getting started in the other; those who are gradually growing worse with each cold; to those who are suffering with roaring or other distressing head noises that are rapidly making them deaf. In 42 years' practice I believe I have treated more cases of deafness, head noises and catarrh than any physician in the United States. I know this treatment is the best I have ever used.

Read these splendid letters—see how quickly and completely this treatment stopped the head noises or roaring, relieved catarrh and restored the hearing. It may do that for you. Send your name and address today. State whether you have deafness or head noises or just have catarrh. This notice may not appear again so mail the coupon at once.

Send Coupon Today

Just fill in the coupon below and I will send you a demonstration treatment by prepaid parcel post without any cost or obligation on your part. I want you to try it at once, so send the coupon today.

Dr. W. O. Coffee,
Suite 1099, St. James Hotel Bldg., Davenport, Iowa.

Please send me a free treatment by prepaid parcel post. It is understood that this does not obligate me in any way. I am to pay nothing for this treatment now or at anytime.

PAVE WAY FOR STRONG COURSE IN MECHANICS

Hope to Strengthen Manual Arts Course Offered Students in High School

Kaukauna—With a view of introducing advanced courses in skilled trades, the manual training department of the high school is putting a new routine of work into practice. It is the hope this form of manual art will appeal to the students and will pave the way for the installation of the advanced courses, which it is believed, will be of more benefit than the present studies. According to present plans, the skilled crafts courses may be put in next year for upper classes.

The new routine of classes includes the usual woodwork for pupils in the seventh grades. The eighth grade boys will receive the elementary woodworking course during the first semester but the second half of the term will be devoted to a course in elementary home mechanics. This work includes work in simple plumbing, electric repairing and general handwork useful for household repairs.

The work for the ninth graders or high school freshmen will be divided into four periods of nine weeks each. The first period will be spent in mechanical drawing, including a little work in tracings and blue prints. The second period will be devoted to cabinet making.

The third period, the first nine weeks in the second semester, an advanced course in home mechanics will be offered while it is planned to introduce sheet metal working in the fourth period.

Sophomore and carpentry work will form the routine for the first nine weeks for tenth grade students. Architectural drawing will be given during the second nine weeks and the remaining 18 weeks will be devoted to a study of auto mechanics. The school board has authorized the purchase of an automobile engine which will be used in the work.

ATHLETE FIRED OFF TEAM FOR BREAKING RULE

Coach Smith Determined That His Gridders Shall Keep Themselves in Condition

Kaukauna—Coach "Tiger" Smith lived up to his nickname Thursday afternoon and at the same time proved that he means business with the boys who are out for football when he put the squad through its first real shakeup this season. The fireworks ended with the dismissal of a promising candidate for a guard position, from the squad for failure to abide by the rules laid down by the coach at the beginning of the season. The coach gave a stinging talk to the entire squad and declared that although he has heard reports that other men are not doing the right thing, he hoped it would not again be necessary to put the gang through another shakeup.

The dismissed youth was considered among the best candidates for a guard position on the regular football eleven and the action of the coach not only keeps the boy out of the game but may deprive the team of a strong player. Smith, however, declared that he would not hesitate to put the best man out of the game if he is caught smoking or "laying down on the job."

"It does not matter to me whether you smoke," declared Coach Smith. "The simple rules laid down at the beginning of the season have been for your own advantage and anyone who refuses to abide by them is not only hurting himself but is false to the team and the entire school."

"I do not care to spy around to see that you fellows are keeping up training rules," the coach continued. "It is up to you to keep yourself in condition so you can give your best to your teammates and the school."

The squad, which Thursday afternoon, consisted of 32 candidates, went through a period of training in preparation for the opening game at Shawano a week from Saturday. The team played three battles away from home.

The first home encounter will be on Oct. 17 when the strong West Green Bay high team meets the Orange and Black. Green Bay is on the local schedule for the first time. Although the school is out of Kaukauna's class the Electric City coach is confident his boys will furnish stiff opposition.

The showing of the squad last year lead athletic officials to book a few extra good games. Two Rivers, as another school which classes with Kaukauna for the first time.

TRIM STORES FOR FASHION SHOWING

Kaukauna Merchants Work Hard to Make First Style Opening Big Success

Kaukauna—Few details remain to be worked out in the plans of the Kaukauna Business Men's association for the city's first annual fall style opening to be held Sunday. Final preparations are being completed for the event. Since the consolidation of the south side merchants with the north side club the utmost cooperation has been shown.

All business houses will make special efforts to decorate their display windows and stores. A separate committee has been formed to see that the streets are appropriately lighted and decorated. In addition to contests of every nature merchants will offer a few specialties in an effort to secure attendance and to attract the people into their stores.

A band will play concerts beginning at 10 o'clock the morning. At 6:30 the parade will get under way. The procession will feature several new automobile models entered by local dealers.

Contests for which merchandise and cash prizes will be awarded will be conducted during the afternoon and evening. A few of the events are expected to provide considerable excitement and amusement.

The opening is another of the advertising stunts planned and put on by the business organization. Although the club is newly organized the officers are active and intend to put on an event of some kind frequently to advertise Kaukauna and to create business for the members of the organization.

NOTED ORGANIST STARTS JOURNEY TO CALIFORNIA

Kaukauna—Frederick B. Scholl, Hollywood, Calif., who has been spending the summer in this city, left Thursday noon for Chicago from where he expects to ship his car west and take a train. He has secured a new position as organist in the forum theatre at Los Angeles and will play on the latest organ west of Chicago. He was previously employed at the Egyptian theatre in Hollywood. Mr. Scholl formerly lived at Kaukauna. He appeared in several in Methodist church last week and the program he rendered was one of the best ever heard in the community. By the time he returns to work Mr. Scholl will have had a four months vacation. He found little pleasure in driving here and therefore decided to return by train from Chicago.

FINISH BOWLING ALLEY WHEN SEASON STARTS

Kaukauna—Rapid progress was made the last few days on the addition to the Hiltgenberg bowling alley. Mr. Hiltgenberg is building a concrete block addition 27 feet wide by 20 feet in the rear of his alley rooms. One new alley will be installed, making four in all, and all will be set back about 20 feet, allowing more space for spectators as well as giving the bowlers more starting space. It is expected the improvement will be completed by Oct. 1 when a city wide league will be started.

PARISHIONERS WILL MOVE FUEL TO HALL

Special to Post-Crescent
New London—Members of Most Precious Blood congregation of this city have been requested by the pastor, the Rev. Otto Kolbe, to gather at the ruins of the old church Saturday, and aid in moving of the fuel supply which was stored in the church at the time of its destruction. The coal and wood will be taken to the bins in the parish hall, where it will be used during the coming winter.

DRUNKEN AND RECKLESS AUTO DRIVERS FINED

Clintonville Justice Inflicts Penalties Where Liquor and Cars Mix

Special to Post-Crescent
Clintonville—Seven arrests have been made by the police here in the last few days, either for traffic law offenses or indulging in too much liquor. Two men wherever driving their automobiles while drunk were given stiff fines.

Morris Jesse, Clintonville, who was arrested Saturday night for driving a car while drunk and whose trial was held Monday morning entered a plea of nolo contendere, furnished bond and took an adjournment. His fine was set at \$100 and costs.

L. M. Jesse, Clintonville, paid a fine of \$10 and costs for being drunk. Alton Puls and Wilbert Schmitz of Shiocton, who figured in an automobile accident Sunday morning at the N. Main-st city limits, were taken into justice court Monday morning for a hearing. Both pleaded guilty to being drunk. Puls, who drove the roadster which crashed into two other cars, paid \$100 and costs while Schmitz was fined \$10 and costs. Frank Mandersfield of New London, the other occupant of the roadster, is still at the Ward house under the care of a doctor and will be arraigned in court as soon as he is able to be about.

Sidney Lust, Clintonville, was fined \$10 and costs for reckless driving and killing a horse and paid \$125 to M. Block, its owner.

J. J. Monty, chief of police, arrested Louis Smith of New London Tuesday afternoon for reckless driving north of city limits. His trial was held Wednesday and he pleaded guilty and paid \$25. At the time of the arrest Leonard Dent and Floyd Hickey, also of New London, were with him.

CHANGE IN SCHEDULE AT PUBLIC LIBRARY

Special to Post-Crescent
New London—A change in schedule will go into effect at the local public library Saturday. The building will be open from 9 o'clock in the morning until 9 o'clock in the evening on Saturdays during the school year, in order to enable school students to perform necessary work at the library. On week days the building will be open from 2 to 6 o'clock in the afternoon and from 7 to 9 o'clock in the evening.

WISCONSIN DEATHS

THEBO FUNERAL
Bear Creek—The funeral of Paul Thebo was held at St. Mary church at 10 o'clock Wednesday morning with the Rev. M. Alt in charge of the services. The bearers were William Lucia, John Sullivan, Mike McClone, Henry Smith, Anthony Jervis and George Naze. Interment was made in St. Mary cemetery. Members of the Catholic Order of Foresters marched in a body. The decedent was a charter member of the local court.

Among the people from out of town who attended were: Mr. and Mrs. Lawrence Thebo and Joseph Thebo, Oshkosh; Mr. and Mrs. Frank Young and family, Sugar Bush; Mr. and Mrs. Mike Lauz, Clintonville; Leonard Thebo, Milwaukee; Mrs. George Ziegelbauer, Birmahood; Mrs. Julie Deisart, Sturgeon Bay; Mr. and Mrs. Jerry LaViolette, Mr. and Mrs. Godfred LaViolette, Brussels; Misses Elizabeth and Nora Thebo, Appleton; Mr. and Mrs. Peter Young, Mr. Aleck Pett, Mrs. Isaac Young, Shiocton; Mr. and Mrs. Jake Lauz, Laramie; Mr. and Mrs. Edward Thorn, Goodman; Fay Thorn, Coleman; Mrs. Jesse Johnson and Mr. and Mrs. George Mettam, Deer Creek.

homes on Whitney-st. He will move onto the place Monday.

Balta Hendricks and Walter Freier will leave Saturday for Chicago where they expect to find employment.

R. P. Barnot has returned from a visit with friends in Pittsburg, Pa.

Miss Vida Shepard of St. Louis, Mo., is making her home with Mrs. E. Farwell while she is teaching in the local high school.

Mrs. Elvira LaBorde left Friday to spend a few days visiting relatives in Milwaukee and Chicago.

L. A. CLINE IS NEW K. C. HEAD

Succeeds J. P. Rosentreter as Grand Knight—Other Officers Are Chosen

Special to Post-Crescent
New London—L. A. Cline was elected to the office of grand knight of the local council of the Knights of Columbus at the regular meeting in Knights of Columbus hall Wednesday evening. He succeeds J. P. Rosentreter, who has held that office for the past two terms. Other officers elected were: Walter Croak, deputy grand knight; F. S. Loss, chancellor; L. M. Wright, recording secretary; Ike Peepke, financial secretary; J. E. Croak, treasurer; Matt Clark, advocate; Walter Sigl, warden; W. Stern, inside guard; R. Sigl, outside guard; John Kelly, trustee.

JUNIORS AND FROSH ELECT

Kenneth Popke Is President of Junior Class and Jean Des-sel of Freshmen

Special to Post-Crescent
New London—Both junior and freshman classes of the local high school met Thursday afternoon and elected their officers for the ensuing school year.

Those elected by the juniors are: President, Kenneth Popke; vice president, James Mulroy; secretary, Loretta Huebisch; treasurer, Marie Tremmel.

The class is sponsored by A. H. Koten and Miss Frances Correy of the high school faculty. The two chief responsibilities of the junior class will be the promoting of the official high school weekly, the Monday Morning News, and the junior promenade.

Officers elected by the freshmen are: President, Jean Des-sel; vice president, Eva Stuchman; secretary, Janette Meiklejohn; treasurer, Earl Zerenner.

The freshman class is sponsored by F. S. Dayton and Miss Hopkins, of the high school faculty.

SOCIAL WHIRL IN NEW LONDON

Special to Post-Crescent
New London—Dorcas society held its meeting at the Methodist church parlors Thursday afternoon. Following the meeting a social hour was held. Mrs. Wallace Ransom, Mrs. Tyler, Mrs. Clifford Dean and Mrs. William Werner were the hostesses. The annual election of officers took place at this meeting. Mrs. L. C. Lowell who for several years has held the office of Dorcas president was again unanimously elected to that office. Mrs. Edward Steingraber was elected vice president, Mrs. Edward Freitag, secretary, and Mrs. Ray Thomas treasurer.

West Side club met Wednesday with Mrs. Emil Gorges.

Mrs. John Yost was hostess to the Sun Dodgers, Wednesday evening.

The American Legion auxiliary will have a rummage sale Saturday in the Music shop building.

Mrs. Frank Beaty will entertain the Royal Neighbors at a party at her home on Shiocton-st. Tuesday, Sept. 22. Hostesses will be Mesdames Margaret Norack, Ella Poppy, Edna Daily, Lila Sloan, Julia Wells, W. Kimber, S. Therens and Laura, Beaty.

LADWIG DECLINES H. S. PRESIDENCY OF SENIORS

Special to Post-Crescent
New London—Gerhardt Ladwig, who was elected to the office of president of the senior class of the high school at a meeting Wednesday afternoon, tendered his resignation to the members of the class at a second meeting Thursday afternoon. It was accepted, and a new president is expected to be elected Monday evening of next week. It was also decided by the class to postpone the all-school "mixer," Friday evening to Friday evening, Sept. 25, on account of the Wauwageo fair being in progress at Weyauwega this week. A large number of students had planned on being present at the fair on Friday.

CITY LEFT IN DARKNESS AFTER ELECTRIC STORM

New London—This city was again without electric light and power for a long period Thursday night following a storm. Electric current was shut off at 9:30 and the city remained in darkness for some time. It was announced by the local electrical department sometime ago that the city's emergency plant would be steamed up as soon as a storm was seen to be approaching. This was not the case Thursday night, as the storm was in progress for two hours before the electrical service was cut off.

AT SHAWANO FUNERAL

New London—The Rev. and Mrs. V. W. Bell autored to Shawano Wednesday afternoon, where the funeral of John Trochell, which was held at 2 o'clock from the Methodist church of that city.

Mr. and Mrs. Edward Hoffman are the parents of a daughter born Saturday, Sept. 12.

Miss Bernice Swift has left for Minneapolis, where she will enter the Cliff studio of music.

Bruce Lockery, bookkeeper at the local Wadsworth filling station, will be transferred to the Milwaukee office about Oct. 1.

M. P. Gallea has returned from a trip to his farm in North Dakota.

The Henry Stern family, which occupied the Stern farm near this city for the last nine years, will move to this city Oct. 1, where it will reside with the C. J. Kraus family, on Shawano-st.

MRS. BAIER WILL BE BURIED AT CHILTON

Special to Post-Crescent
New London—Mrs. Paulina Baier, 68, died at the home of her daughter, Mrs. William Werner, this city, at 10 o'clock Wednesday evening. Funeral services will be held at 2 o'clock Sunday afternoon from the Werner home with the Rev. V. W. Bell in charge, after which the body will be conveyed to Chilton for burial.

SHIP LIVESTOCK

Special to Post-Crescent
New London—Two carloads of live stock were shipped from this city Tuesday to Chicago stockyards. One car contained 15 hogs and 80 calves, and the other 32 head of cattle. A large amount of stock from the surrounding farms is shipped from the Chicago and Northwestern yards here each Tuesday.

Hunters:

A New Specially Designed Shell For Ducks load with 1 1/4 oz. of shot and the new Du Pont Oval Powder, with low breech pressure and a sustained barrel pressure will give you 15 yards added distance in reaching for the high ones with greater safety than any of the old powders.

For prairie chicken and partridges, 7 1/2 shot, trap loads, are the ideal loads. We carry specially designed brush and scatter-loads for the occasion.

The service that we can render to the hunter by the carrying of the largest selection of hunting equipment in the city, coupled with personal experience, enables us to intelligently supply your needs, whether it is the best suited shell, practical clothing, or the hundred and one accessories from a gun sight to glass eyes for wooden decoys.

Kaukauna's Fall Style Opening Is Tomorrow!

EVERYTHING is all set for the Kaukauna Merchants' Fall Style Opening Saturday. The stores are decorated and the merchants will offer some very attractive bargains for the shoppers. The window displays will be one of the features of the day.

About seventy-five merchants are offering prizes to the persons guessing the right slogans for each store and they invite everyone to come in and place their guess. This contest will be for adults only. It will open at 8 A. M. and close at 8 P. M. Saturday. Be there to get one of the seventy-five prizes. The merchants, who are cooperating in the Style Opening will have cards in their windows stating the amount of the prizes offered. The prizes will be displayed also.

The band will give concerts throughout the business district from 10 A. M. to 9 P. M. At 6:30 the big new model automobile parade will start and will take in the principal business streets.

Don't forget to be on hand to receive one of the many prizes offered.

STAGE And SCREEN

Tashman, Bernard Randall, George K. Arthur, Paul Ellis, Helena D'Algy, Roy D'Arcy and Lucille LeSueur.

THE WINNINGER PLAYERS
It is a well known fact that John D. Winninger and his company performers have always offered excellent entertainment and this season's organization is no exception. In fact the press and public where ever they have appeared have acclaimed it as the best ever assembled. The players have been most carefully selected and are said to be far above the average.

The most frequent question asked is "Is it a comedy?" Therefore all of Mr. Winninger's plays are comedies so that anyone who enjoys an evening of good wholesome laughter cannot go wrong whether they see just one play during the run here or all of them.

The players will be here for eight days at the Appleton theatre beginning Sunday matinee and two performances in the evening. The opening play will be "The Best People," a brilliant comedy by Avery Howard, author of "Why Men Leave Home" and other famous laughing shows. This play has been the opening selection of many of the big city permanent stock companies throughout the country such as Chicago, New York, Denver and Des Moines, which bears out the fact that Mr. Winninger is not only right up to date in choosing his plays but is sparing no expense to give his patrons the best obtainable.

Vaudeville between the acts will be an added attraction featuring Bertram and Raymond a couple only recently arrived in this country from Australia where they have been a popular pair in the musical comedy field.

"THE SILENT PAL" STARS THUNDER THE MARVEL DOG
Thunder, the Marvel Dog, will once more be seen in Appleton when his latest and most thrilling feature film, "The Silent Pal," is shown at the New Bijou Theatre today and Saturday.

In this exciting screen play Thunder is seen saving a man from death by drowning, rescuing a girl rider by stopping a runaway horse, preventing a child from falling from a high mountain canyon, digging his way to his master who is buried beneath a mine cave-in, doing phenomenal leaps and other things that space will not permit mention of.

Thunder, the Marvel Dog, has been provided with an all star supporting cast with such players as Shannon Day, Eddie Phillips, Colin Kenny, Willis Marks, Charles Mack and Dorothy Seay under the direction of Henry McCarty, a man responsible for over a hundred big screen hits.

Wonderful natural scenery, the mountains of Northern California, and the story which tells of a man who has no money, no friends, no home—nothing but a dog. It is the dog, however, who raises this man from the depths to a position of wealth and the love of a beautiful girl. "The Silent Pal" is as exhilarating as a breath of fresh mountain air—and as wholesome—it's a picture you'll regret if you miss it.

PRETTY LADIES' PLAY AND MOVIE COMBINED INTO ONE
If you can't decide whether you want to see a motion picture or a stage play go to see Monta Bell's "Pretty Ladies," a Metro-Goldwyn-Mayer production being shown at the Elite Theatre Saturday and Sunday. "Pretty Ladies" is both in one. It's a picture on the screen of stage life before the footlights and back stage, too. It shows you how stage folk live and it proves they are just as human as people who never have set foot in a theatre except as member of an audience.

The story is a colorful tale of the stage star who had everything she wanted—but a man. How she got one and then kept him in the face of a lot of opposition, is told by Bell in a dramatic way.

Zasu Pitts is featured and Tom Moore plays the leading man role. Other important cast members are: Conrad Nagel, Norma Shearer, Lilyan

exceeded his brilliant work of directing "The Unholy Three," said by many critics to be the best under-world film ever made in this country.

The story by Browning is a delightful romance between an American crook and a fake gypsy mystic with whom he conspires to rob a rich American girl of a vast fortune in jewels and bonds. The story exposes the work of crooked mediums and shows how many of their tricks are performed. It is delightfully played by a huge cast featuring Aileen Pringle and Conway Tearle.

85 Milwaukee Schools Serve Johnston's Graham Crackers

LUNCHTIME! That's the time looked forward to by the children of 85 Milwaukee Schools. It means milk and plenty of Johnston's Graham Crackers. School authorities know the health building qualities of these crackers that contain all the best parts of the wheat. They know, also, how the children enjoy their delicious flavor and their fresh, crackly crispness.

But these school youngsters are just a small number compared with the host of people who prefer Johnston's Graham Crackers. You'll find Mother snooping around the pantry looking for those Grahams "that were right there an hour before". Daddy has a sheepish look on his face. He says: "Order another pound—those Johnston's are the best graham crackers I ever ate". Better follow Daddy's advice and put a pound or a package on your Saturday shopping list.

THREE BUILDINGS ON TECHLIN FARM BURN TO GROUND

Lightning Strikes Barn and
Flames Soon Spread to
Nearby Buildings

Fire resulting from a bolt of lightning Thursday evening destroyed the barn, granary and machine shed on the Walter Techlin farm, one mile north of Mackville on state trunk highway 47 and seriously threatened the residence and other buildings on the premises before it was brought under control. The loss is estimated by Mr. Techlin between \$8,000 and \$10,000. He carried about \$2,000 insurance.

Although a number of horses and young stock were in the barn, all were removed except a calf which perished in the flames. About 1,400 bushels of grain and 50 tons of hay was destroyed.

Had it not been for a heavy rain, all buildings on the premises probably would have burned, as a strong wind fanned the flames and carried showers of sparks on the surrounding roofs.

Lightning struck the barn about 8:30 and although Mr. Techlin, who was sitting on the porch at the time, immediately rushed to the building with pails of water, he was unable to overcome the flames which flared up at once. Aided by a heavy wind, the flames soon spread throughout the building, finally lighting the straw stack granary, and machine shed which were located near the barn.

The flames illuminated the sky to such an extent that the glare could be seen for miles around, and despite

DEER CREEK FAMILY IS BACK FROM WEST TRIP

Special to Post-Crescent.

Deer Creek—Mr. and Mrs. James Phillips and son Harvey, Miss Sadie Hebert, Mrs. Fred Rahnke, Mr. and Mrs. Harry Phillips and daughter, Mrs. Carl Due, Mr. and Mrs. Will Phillips and family and Joseph Kaiser have just returned from a two weeks' automobile trip to St. Paul and other cities. They attended the golden wedding of Mr. and Mrs. George Phillips, also attended Minnesota state fair and visited at the state prison, Como park, Minnehaha falls and Longfellow's garden.

While returning home Monday evening from hauling coal to the Lilly cheese factory, Fred Westphal's team became frightened and as they started run, threw him between the two horses. Mr. Westphal escaped with only bruises on back and one limb.

The following were guests at Rose-haven farm Sunday: Mr. and Mrs. H. Rasmussen and son of Appleton; Peter Rasmussen of Neenah; A. Rasmussen of Marinette; Mr. and Mrs. A. C. Stearns and daughters of Wau-paca; Mr. and Mrs. Martin Peterson and family of Matteson.

Mr. and Mrs. Frank Bachelor and family autoed to Green Bay on Sunday.

Mr. and Mrs. Rupnou of Birmahood were Sunday guests at the home of Mr. and Mrs. Lawrence Peters.

On the heavy rain, several hundred cars arrived on the scene less than a half hour after the fire started.

Residents of the community united in fighting the flames and it was through their efforts that the fire was kept from spreading. Between 200 and 300 bushels of grain were carried from the barn but most of it was ruined by the rain. Mr. Techlin had just finished threshing a few days ago.

BURGLARS STEAL REVOLVERS FROM HARDWARE STORE

Robbery of Schiedermayer
Store Discovered Early
Thursday Morning

Gaining entrance through the front door, burglars Thursday night looted the George Schiedermayer and Sons Hardware store at 623-625 W. College-ave. and escaped with five revolvers, a flashlight, a large knife and a box of cartridges. The loss is estimated at about \$50.

So far as could be determined Friday morning, nothing else in the store was touched. A thorough investigation was being made by the owners.

The robbery was discovered at 8:30 Thursday evening by George Schiedermayer, Sr., who returned to the store to make a final check-up of the days receipts.

About one hour earlier Officer Bay-er, while passing the building, had noticed the front door partly ajar. He notified Mr. Schiedermayer and the latter immediately went to the store and locked the door, not suspecting anything out of the ordinary.

When he returned later he found the back door open and a closer investigation revealed that the revolver case had been molested. Whether the front door was left open when the proprietors went home at 6 o'clock, or whether the intruder used a skeleton

key to gain admission is not known by Mr. Schiedermayer. There were no marks on the door to indicate it had been forced open.

That the prowlers were in the store at the time the front door was locked is indicated by the open rear door. Whoever was in the building remained concealed while Officer Bay-er and Mr. Schiedermayer were at the front of the building, leaving by the rear door after the latter two had departed.

Detective Sergeant John Duval is

working on the case but up until noon Friday had discovered nothing which might lead to the identity of the burglars.

CHANGE MACHINE AT SEWER TRENCH

Contractor Making Rapid Progress Through Clay in Keyes-st Project

Menasha—The disappearance of rock on Keyes-st through 9 feet of which Contractor E. A. Yahr's men have been blasting their way for several weeks has made it necessary to replace the present trenching machine with the one used before rock was reached. While not as large as the other, the present machine is designed especially for working in rock and does not do so satisfactory work in clay.

Mr. Yahr's other trenching machine has been at work in Neenah since it was replaced here and will be brought back Saturday and in order to save time probably will be operated Sunday. The trench where the rock was blasted has jagged sides and is from 10 to 12 feet in width and at the lower end of the sewer is nearly 20 in depth. With the rock gone the trench is now only the width of the trenching machine shovel. This makes it possible to move forward more rapidly.

With all the blasting that has been done during the three months the work has been in progress a remarkable thing is that no man has been injured by falling rock. Windows and roofs of adjoining buildings occasionally were slightly damaged. The new sewer continues down Keyes-st to Winnebago-ave and upon reaching the intersection of Winnebago-ave will turn down that thoroughfare.

SOCIAL ITEMS AT MENASHA

Menasha—Marie Rippl, daughter of Mr. and Mrs. F. G. Rippl, was surprised by 16 school mates Thursday afternoon at the home of her parents, 260 Kaukauna-st, in honor of the thirtieth anniversary of her birthday. Games were played and were followed by supper.

Members of the B. B. B. club were entertained Wednesday evening by Mrs. W. H. Miner at a farewell party for Mrs. John Pluger, Jr., who with Mr. Pluger expects to leave soon for the west. Bridge and music furnished entertainment.

A crowd that completely filled the auditorium attended the anniversary ball given by the Germania society Thursday evening. Music was furnished by the Aetna orchestra and lunch was provided by the newly organized Ladies Auxiliary of the Germania society.

The Winodausis club held a card party and meeting at the Masonic rooms Thursday afternoon. The hostesses were Mrs. W. C. Allen, Mrs. Frank Deibel and Mrs. Joseph Walker. Bridge was played and the prizes were won by Mrs. C. B. Hutchins and Mrs. George Sutton.

Mrs. C. A. Loescher entertained at a 1 o'clock luncheon and bridge Thursday afternoon at her home, 402 Racine-st, in honor of her mother, Mrs. Thomas McCullough, and sister, Miss Katherine McCullough of Arden, Ind. Eleven tables were engaged in bridge and the honors were won by W. F. McGrath, Mrs. C. J. Oberweiser, Mrs. S. L. Spengler and Mrs. Joseph Brill.

MANY ATTRACTIONS AT ANNUAL OSHKOSH FAIR

Menasha—The sixteenth annual Winnebago County Fair and Exposition will be held at Oshkosh next week, opening Tuesday, Sept. 22, and closing Friday, Sept. 25. A night fair will be held in connection with the day program and many free attractions will be offered. Fireworks will be a feature Tuesday, Wednesday and Thursday evenings.

The buildings are new and modern and will be filled with all kinds of exhibits. The races will be among the best ever offered. Tuesday there will be a 212 pace; Friday a 214 trot; Wednesday a 217 pace; Thursday a 218 trot; and Friday a 210 trot. All races will be mile heats, best three in five. The purses range from \$150 to \$500.

ISSUE FOUR PERMITS TO BUILD NEW HOMES

Menasha—Building permits issued this week include permits for the building of four new residences. E. F. Dornbrook will build one on Cleveland-st to cost \$5,000. Chester McDaniel will build one on the same street to cost \$4,200. Henry Steffen will build one on East 1st to cost \$3,000. and Roy Taplin one on Lake-st to cost \$300. Permits also were issued to Walter Kuntz for erecting a \$400 addition to his residence at 312 Racine-st, and to Jacob Drueks for building an addition to his store at 111 Market. Other permits issued were for garages, porches and chimneys.

TRANSFORMER AMAGED

Neenah—During Thursday evening's electric storm, an electric transformer belonging to the Traction Co. located on a pole on Doty-ave near the Valley Inn annex was put out of commission. A crew of men worked all night to repair the damage so that power could be furnished the Inn Friday morning.

BOOSTERS WIN ANOTHER GAME

Beat Neenah Rotarians, 9 to 8, by Rallying in Two Innings

Menasha—Menasha business men defeated Neenah Rotarians 9 to 8 in their second game at Park playgrounds Thursday afternoon. The game was called at 5 o'clock, and was stubbornly contested. The "Bats" for the Rotarians consisted of "Cully" Buck and Danke and for the business men, Jim H. Clough and Dr. Curtis. The local team failed to score until the fifth inning when it scored two runs and it scored seven more in the sixth inning. The Rotarians registered three runs in the first inning, one in the fourth, one in the fifth, two in the sixth, and one in the eighth.

MENASHA PERSONALS

Menasha—Alfred Powers, Emil Powers and Louis Powers and E. R. Juedes have returned from a two days duck hunting trip to Fremont.

Mr. and Mrs. Alfred Powers of Neenah and Miss Adeline Powers of Kaukauna, Ill., have returned home after a several days visit with Mrs. Emma Powers, 946 Second-st.

The condition of Mrs. J. F. DeCaro, who is receiving treatment at a Chicago hospital, has improved to such an extent that she may return home within a week.

Mrs. Roman Gazecki has returned home from St. Elizabeth hospital where she submitted to an operation.

KAUKAUNA YOUTHS ARE BOUND OVER FOR TRIAL

Menasha—Irvin Besaw and Ernest VanLevenhoven of Kaukauna, arrested by Officer George Resch two weeks ago, were arraigned in municipal court at Oshkosh Thursday and their preliminary examination was set for 10 o'clock Friday, Sept. 25. They are charged with the theft of half a barrel of oil valued at \$20 from Schissle & Olson an automobile tire valued at \$15 from James Hart, and other theft valued at \$12 from Fred Jensen.

NEENAH PERSONALS

Ivan Williams and Newland Jones have returned from Phantom Lake where they have been attending a Y. M. C. A. camp. Mr. Williams will leave in a few days for Madison, where he will enter the University of Wisconsin.

Mr. and Mrs. John Lenz and Frank Lenz motored to Green Lake Thursday.

Mrs. J. Fordyce of Butternut, is visiting her mother, Mrs. G. W. Burn side, Carolinest.

Miss Ruth Muttart is spending a week in Kalamazoo, Mich., a guest of Miss Duon Each, formerly of this city.

Drs. George N. Pratt, H. A. Briggs and Ronald Rogers are attending the meetings of the Wisconsin Medical association in Milwaukee.

Mrs. E. C. Jape has returned from a visit in Chicago.

Mrs. John Fordyce and George Burnside are spending the day in Milwaukee.

Bert Rhoades is transacting business in Eau Claire.

Miss Shirley Gore of Milwaukee, is visiting Neenah relatives for a few days.

Mrs. Harlow Biedke spent Friday with relatives at Stevens Point.

William Gerhardt of Milwaukee, is in the city to spend the weekend with his parents, Mr. and Mrs. William Gerhardt, Smith-st.

Ward Gerhardt went to Madison Friday to register for a course in home economics in the University of Wisconsin.

Miss Clara VanSlyke has gone to Chicago to spend the weekend with relatives.

John Powers and William Campbell were in Winnebago Thursday evening where they attended a meeting of Winnebago-co Bankers' association.

Frank Durham has returned to his studies in Madison after spending his vacation with his parents, Mr. and Mrs. Frank Durham in this city.

William Dadden, who has been spending the summer with his parents has returned to Madison to resume his studies in the University of Wisconsin.

Arthur and Fred Jandrey left Friday morning for Madison to resume their studies.

Yvonne Anderson has been visiting her mother, who has returned to the University of Wisconsin to resume her studies.

Paul Hunter and daughter of Madison, were guests of Mr. and Mrs. E. C. Arntmann Thursday.

REDUCE CHARGE AGAINST MEN HELD FOR LARCENY

Neenah—The charge of larceny against Walter Wisniewski and Charles Boushley, of Antwerp, upon recommendation of D. K. Allen, district attorney, was changed Thursday afternoon to petty larceny in Justice Baldwin's court. The men were arrested last week on a charge of stripping a car belonging to a Fremont man. Upon investigation it was found that the car in question was practically no good which resulted in the change of the charge. Fines for petty larceny amounted to \$20.13 each.

FACTORY TEAMS CELEBRATE AS SEASON CLOSES

Twin City Industrial League Teams Hear Talks After Banquet in Valley Inn

Neenah—The season of the industrial baseball league was successful as closed with a balance in the treasury. It was shown in the report of J. McAndrews, its treasurer, at the banquet Thursday evening in Valley Inn in this city. The report showed that up to Sept. 13 the disbursements amounted to \$238.98 and receipts totaled \$242.23. The Thursday evening banquet cost the club \$92.75, leaving a balance of \$91.50.

One hundred young men, members of teams of Strange Paper Co., Banta Publishing Co., Central Paper Co., McGilgan-Asmuth Co., Menasha Printing & Carton Co., Gilbert Paper Co., Menasha Woodens, and others, all of Neenah, attended the program and dinner.

After the dinner, of four courses was over and cigars and cigarettes, John Eckrich, president of the league, introduced T. E. McGilgan as toastmaster. Mr. McGilgan made a plea for the continuance of the league.

Mayor Remmel of Menasha, was the next speaker, taking for his subject, Stop Awful and Play. He said baseball was the most healthy of American sports and leagues as the industrial league gave the boys a chance to get better acquainted and proved exercise which puts action in them. He congratulated the players in their efforts. He promised the boys another banquet and that the heads of the firms which the teams represented were willing to cooperate with them in next years events. Mayor Remmel presented the Wooden Ware team with a silver trophy for winning first place in the league. The cup was a gift of George Loescher of Menasha.

In the absence of Walter Dornbrowski, captain, Mack Novakowski, responded for the Wooden Ware team.

George Banta, Jr., spoke on Sticking Together, Next Year. During his talk he reviewed the teams of the last 10 years of which some of the members are still playing, especially George Sheldahl and John Banta, who will receive medals from Mr. Banta for playing in industrial leagues of Menasha for that length of time.

Adolph Heister of the Banta team, spoke on Playing Real Ball, claiming that the exhibitions given by the industrial league teams drew out the large crowds. He suggested that next season the games be started earlier in the summer in order.

Others to give short talks were Edward Kallins of the Jordan team who praised the past successful season and looked forward to a more successful one in 1926, Gilbert Chaplain of the McGilgan-Asmuth Co., J. H. Ramsey, head of the Menasha Athletic association who pleaded for good clean sports. Clarence Anderson of the Central Paper Co., and R. C. Miller recreational director who reported that the league had played 56 games, 29 of which were won by a margin of one run. He also talked on cooperation of the heads of concerns which the teams represented.

FIRE DESTROYS LARGE BARN ON J. KUEHNLE FARM

Lightening Causes Loss Estimated at More Than \$15,000 Thursday Night

Neenah—The large barn, on the Joseph Kuehnle farm, four miles south of Neenah, on the Dixie road, was struck by lightning Thursday night and completely destroyed by fire. The barn was struck during the severe electric storm which visited this vicinity at about 10:30. All of this year's grain estimated at 2,000 bushels, and hay was lost, the blaze spreading rapidly to all parts of the building. The Neenah fire department was summoned and responded in time to save a smaller barn and the residence. The damage is estimated at between \$15,000 and \$20,000, partially covered by insurance. None of the livestock was injured.

CITY STARTS PROBE OF WATER SITUATION

Neenah—An investigation of stagnant water which is creating a stench below the Neenah dam and in some places along the river is being made by the health department of the city. The matter has been taken up with war department officials in Milwaukee. The city is acting in conjunction with the Neenah-Menasha Water Power Co. and it is possible that that department will order a flush of the river for a day after which they may order a 10 per cent flow for a short time.

NEENAH SOCIETY

The Mothers and Daughters club of Trinity Lutheran church held a meeting Thursday evening in the school hall. Matters pertaining to the work of the club were discussed.

Sixteen members of the sales force of the Jandry store were entertained Thursday evening by Mrs. George Pierce in her home on Third-st. The evening of entertainment followed a lunch. Prizes in the games were won by Miss Dorothea Haber and Miss Margaret Lee.

PICK H. S. GRID TEAM NEXT WEEK

Squad Is Being Whipped into Shape for Battle With Graduates

Neenah—The team which will represent Neenah high school in football this season will be selected next week by Coach Christoph. Sixty seek places on team. Nightly practices are being held in Columbia park. The first scrimmage will be held Saturday afternoon, Sept. 26 when the team will play a squad composed of Neenah alumni. The first real contest will be on the afternoon of Oct. 3 when the Ripon high school team will come here for a game.

NEENAH MAN IS HEAD OF BANKERS

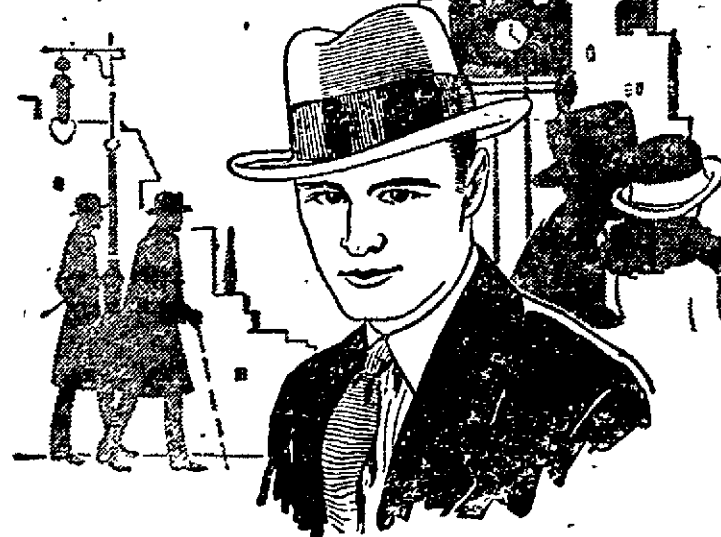

John Powers Elected President of Winnebago-co Bankers Association

Neenah—John Powers of Neenah was elected president of Winnebago-co Bankers' association Thursday evening at a meeting in Winnebago Thursday. T. Frenz of Oshkosh, was elected vice president, and Richard White of Oshkosh, was elected secretary and treasurer. An executive committee was appointed and consists of R. E. Dickman of Oshkosh; R. J. Fleweger of Menasha; William Campbell of Neenah; A. J. Marble of Omro and L. H. Miller of Winnebago. L. A. Gunz of Oshkosh, Harold Langraf of Menasha and F. A. LaBorde of Oshkosh, were appointed as a committee on education.

CARS COLLIDE

Neenah—A car owned by Fred Stecker and a Pettibone-Peabody Co. delivery truck were badly damaged Thursday afternoon when they collided at the intersection of E. Forest-ave and Second-st. Neither driver was injured. The accident occurred as the truck was going north on Second-st. and the Stecker machine east on Forest-ave.

STETSON HATS

Six Reasons Why You Should Buy a STETSON HAT

Style:

Stetson is the foremost creator of hat styles in the world, each season setting the pace with a sweeping variety of correct shapes and shades—a Stetson to suit any head or face.

Quality

The blending of flawless materials and deft workmanship gives Stetson its supreme quality—a maximum of wear and beauty of finish.

Materials:

Stetson Hats are made of fur cut from the choicest selection of Beaver, Nutria, Hare and Rabbit skins. The silk bands and bindings are woven by Stetson; the leather or sweatbands are especially selected.

Workmanship:

Workers of the highest skill, in a model factory, blow and bend the fur, and felt into hats unmatched anywhere. Each Stetson hat is shaped by trained experts—by hand.

Dealers:

The franchise to sell Stetson Hats is given to the best stores of each community. The Stetson dealer renders a real service to the man who wants a hat that is both smart and becoming.

Values:

Judged by style, quality and wear, a Stetson gives you more value for your money than a hat of any other fine make in the world.

PARKER ESTATE

FILES SUIT TO
COLLECT \$10,000

Allege Negligence of Winnebago-co Caused Death of Dorothy Parker on Lake-rd

Among the civil cases scheduled for the present term of circuit court in Oshkosh which will be watched with interest by Appleton people, is the damage suit of Ella Baker, administratrix of the estate of Dorothy Parker vs. Winnebago-co in which the plaintiff seeks to recover \$10,000 for damages resulting from the accident on Lake-rd between Waverly beach and Appleton, June 25, 1924, which cost the life of Miss Parker. The automobile in which Miss Parker was riding was owned and driven by Mike Mastus, Appleton. It is said the car struck loose gravel on the road, was thrown into the ditch and turned upside down. Miss Parker was pinned underneath the car, and was injured so severely that she died the following day.

The plaintiff says that Winnebago-co is responsible for the upkeep of the north half of the Lake road, and that Cabernet-co is responsible for the south half. The accident occurred on the stretch of the road under the Winnebago-co jurisdiction, it is charged.

It is also alleged in the complaint that on and prior to June 5, 1924, the highway was in need of repair as the sides of the road were allowed to sink in and become water soaked. It is said the unsafe condition of the road was made still more hazardous by loose gravel, which had been thrown on the sides of the highway. It is alleged that the gravel used on the Lake road was larger than that customarily used for roadmaking and contrary to the rules of the state highway commission. It is charged the gravel was placed on the highway on the extreme edge, covering and concealing the unsafe sides. The complaint states that Mastus was driving his car in a slow and careful manner.

GET CORRECT ADDRESSES FOR ROCHESTER PATIENTS

Postmaster W H Zuehlke has received a communication from the first assistant postmaster general in which attention is called to the incorrect addressing of mail to patients of Mayo Clinic at Rochester, Minn. Many letters, it is pointed out, are addressed in care of Mayo Hospital or Mayo Bros hospital. These addresses are incorrect, as there are no such institutions at Rochester.

Mail for patients attending the Mayo Clinic should be addressed care of general delivery, except in cases where they have a street or hotel address, as the Mayo Clinic has no facilities for taking care of mail for its patients.

St. Mary hospital, a large institution, also is located in Rochester, and mail intended for patients there should be so addressed, even though they are attended by the doctors of Mayo Clinic.

As there are thousands of people attending these hospitals in Rochester annually, and approximately 25,000 changes of addresses yearly in the Rochester postoffice, care should be taken in addressing such mail properly, the postmaster urges.

Are You Serving Well-balanced Meals To Your Children?

The problem of food selection for children is not an easy one! Adequacy, wholesomeness, attractiveness and cost must all be considered.

A new booklet entitled "Food for Young Children" has been prepared by the Bureau of Home Economics of the Department of Agriculture. This booklet covers thoroughly every detail of food selection for children between three and ten years of age, tells what kinds of food are needed, gives the proportions and amounts of food required, and suggests a number of menus for nutritious meals.

Every woman who has the care of a child should have a copy of this book. Send for yours today. Fill out and mail the coupon below, enclosing two cents in stamps for return postage.

Frederic J. Haskin, Director
The Appleton Post-Crescent
Information Bureau,
Washington, D. C.

I enclose herewith two cents in stamps for return postage on a free copy of the booklet **FOOD FOR YOUNG CHILDREN**.

UNIT OF FIELD ARTILLERY TO BE ASSIGNED HERE

Part of 575th Regiment of Artillery Will Be Stationed in Appleton

The 572nd field artillery and the 575th field artillery, two new "skele-ton" regiments, have been organized in the state, according to announcements received here from Capt. L. A. Des Pland of Wausau, executive officer.

The home station for headquarters, headquarters battery and medical detachment of the 575th artillery will be situated at Sheboygan, the balance of the regiment being located at Appleton, Manitowish, Rhineland, Hurley, Crandon, Amigo, Ladysmith, Spooner, Highland, Superior, Plymouth and Carlton.

Headquarters of the 572nd will be at Wausau, with the balance assigned to Wisconsin Rapids, Stevens Point, Neillsville, Medford, Chippewa Falls, Barron, Hudson and Eau Claire.

The object sought under the war department mobilization plan is that in case of a major emergency these units would be fully raised to war strength, first by the action of the draft boards. Most of the training would be given at the home station. Each organization will have its war mobilization plan made out and kept up to date at all times to cover all phases such as housing, feeding, equipping, medical attention, training and organization, so that on call of the president it can become an active functioning unit.

Under this plan men from a given locality will serve under officers from their homes. Mobilization at home will save time and money, as well as increasing the morale of the units. All unassigned reserve officers are eligible to assignment to these new regiments, as well as members of the enlisted reserve corps.

Enlistments to the new units are now open. No military duty is mandatory during time of peace, but those wishing to take military instruction can do so either by correspondence courses or by active training during the summer. All interested in this new work are asked to write Capt. Des Pland, who is the regular army executive officer in charge of the units, and whose office is room 7, postoffice building, Wausau.

HELBLE HAS "CABINET" TO HELP RUN SCHOOL

Problems that usually confront a school the size of Appleton high school will be disposed of in a unique manner this year with the formation of a forum group of the faculty known as the principal's cabinet. The cabinet is composed of heads of various departments and special meetings can be called at any time that H. H. Helble, principal of the school, thinks necessary. The cabinet acts in an advisory capacity for discussion of problems affecting the school. Members of the group are H. H. Helble, principal; C. W. Croes, assistant principal; Miss Dorothy Vestal, and John McAuliffe, physical education; Miss Catherine Spence, home arts; Carl McKee, fine arts; Miss Blanche McCarthy, social sciences; Miss Ruth Mielke, librarian; Miss Decima J. Salisbury, commercial; Miss Ruth Saecker, natural sciences; Miss Ada Hahn, languages; Harry Cameron, manual arts; Miss Ethel Carter, mathematics.

MUSKEGON SETS MARK FOR Y. M. C. A. CAMPAIGN

One of the most successful financial campaigns ever conducted by a Y. M. C. A. in America was carried on last week in Muskegon, Mich., a city of 39,000, according to word received by George F. Werner, general secretary of Appleton Y. M. C. A. from A. G. Knybel of Chicago, regional secretary for the middlewest. The campaign was put on by the Y. M. C. A. Finance Bureau. A sum of \$350,000 was set as the high-water mark and the campaign workers brought in a total of \$163,200 with many more subscriptions still coming in, the report stated.

Congress Expected To Rap Coolidge Economy Policy

BY CHARLES P. STEWART

Washington—With President Coolidge back in the White House, politics in Washington has pepped up noticeably of late.

Senators and representatives are beginning to drift in. Plans for the coming session of Congress are being discussed.

The House Ways and Means Committee is to meet Oct. 17 to adopt a tax reduction program. There'll be a \$400,000,000 cut, according to Speaker Longworth. This is more than anybody has predicted yet.

Most of the cabinet members have returned to their desks. The capital looks more like itself again. It's been a pretty dead place all summer.

President Coolidge's project for a lot of new—and much needed government buildings in Washington is in difficulties right from the start.

"We're willing to vote for your bill," congressional arrivals in the city are telling the president. "On condition that you agree to a hundred million dollars' worth of new federal buildings in our various home towns, too."

Practically none of this kind of "bork" has been dished out since 1914 and the whole country is fairly starving for some.

Paying for it, however, doesn't fit in with the presidential economy policy.

"You increased your pay," the National Federation of Federal Employees will say to Congress next winter.

"How about increasing ours?" They want a minimum of \$1500 a year for grown up people in the civil service, not counting the postoffice. Government workers never were

very well paid, but before the war they could live decently at least, with due economy. Now it's a tough proposition.

The coast artillery folk are madder at Col. "Billy" Mitchell and his disciples than ever the navy is.

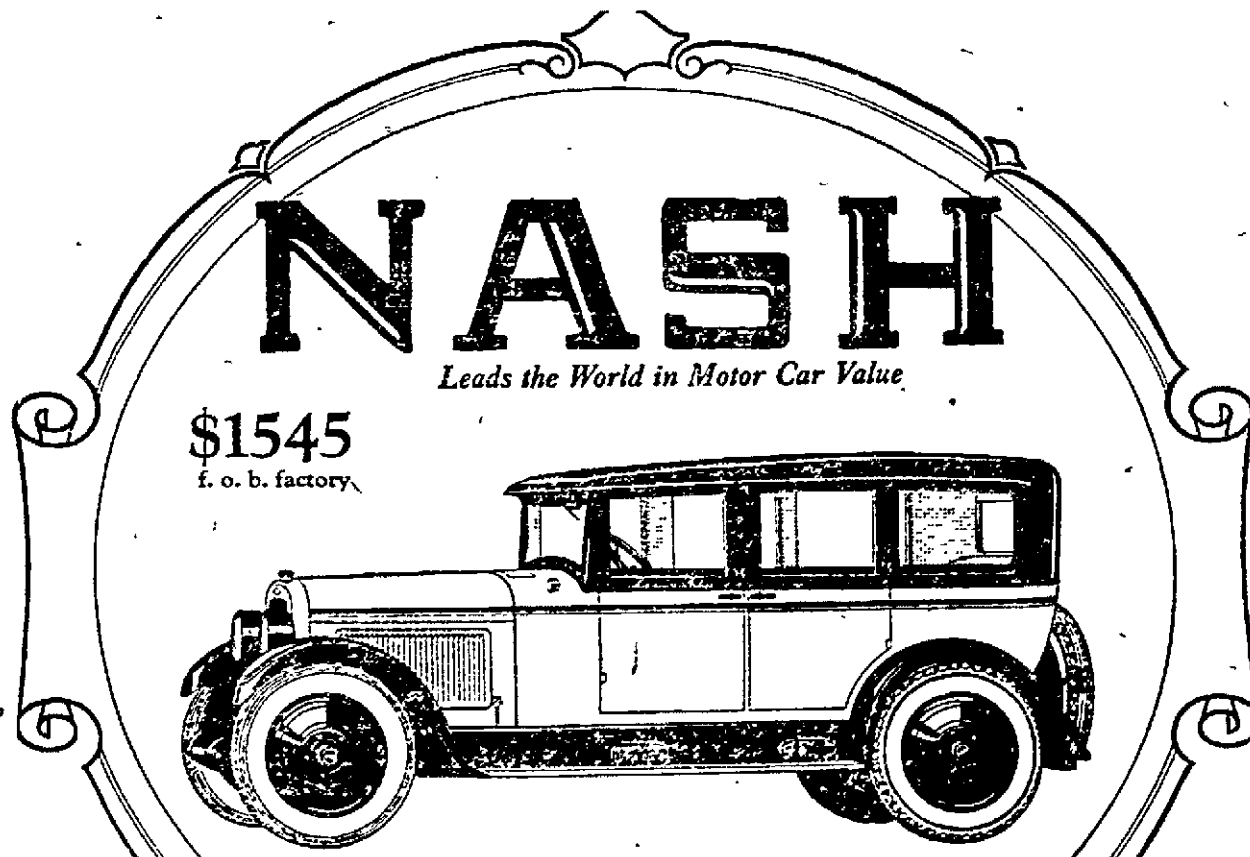

True, the colonel pronounced them equally helpless against air attacks, but whereas Mitchell hasn't been able to prove conclusively that the navy is obsolete, as he says it is, the coast

ORDER SIGNS OFF STATE HIGHWAYS

Highway Commission Moves to Remove Objectionable Advertising from Roads

A campaign to beautify county highways by confiscating all signs and all advertising matter along the roadsides is expected to be launched soon by A. G. Brusewitz, county highway commissioner, following receipt of a letter from J. T. Donaghey, state highway engineer. In which attention is called to law pertaining to the removal of signs. Mr. Brusewitz is also urged in the letter to cooperate with the state in cleaning up Outagamie-co of highway advertising matter.

A resolution providing that the state highway engineer be directed to take up with the county highway committees the matter of advertising signs on the highways and to urge their removal at the earliest possible time, was adopted at the last meeting of the state highway commission. Directly following this meeting, Mr. Donaghey forwarded letters to

artillery hasn't been able to prove conclusively that it isn't. Thus the coast artillery's position is more humiliating than the navy's, and it's correspondingly sore about it.

The fact remains that aviation's superiority to surface fleets isn't definitely established, which is some consolation to the navy.

The further fact remains that the coast defense service hasn't definitely established its superiority to aviation, which is no satisfaction at all to the artilleryists. Oh, how they'd love to shoot down an aviator!

APPLETON GIRL NAMED COACH AT BLIND SCHOOL

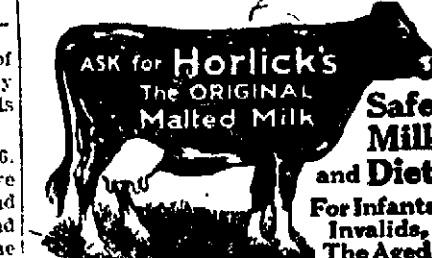

Miss Marjorie Kranhold of this city, a graduate of Appleton high school with the class of 1923, has accepted the position of physical director at the Wisconsin School for the Blind at Janesville. Miss Kran-

hold was active in athletic work while at the local high school and in woman's club circles. She won an "A" for her work in girls' athletics during her senior year. She attended the Chicago School of Physical Education last year.

"You are aware that Chapter 96, Laws of 1925, directs you to remove all advertising signs from state and trunk highways. Town, village and city boards are also directed to do the same on those roads and streets not a part of county or state trunk highway systems. We trust that you will make every effort to immediately remove all advertising signs from the highways in your county over which you have jurisdiction."

The campaign to remove roadside signs was instituted in Fond du Lac last summer under the direction of highway commissioner George Treleven. It was this plan which gave momentum to the movement which is now to be made state-wide in accordance with the state highway commission.

hold was active in athletic work while at the local high school and in woman's club circles. She won an "A" for her work in girls' athletics during her senior year. She attended the Chicago School of Physical Education last year.

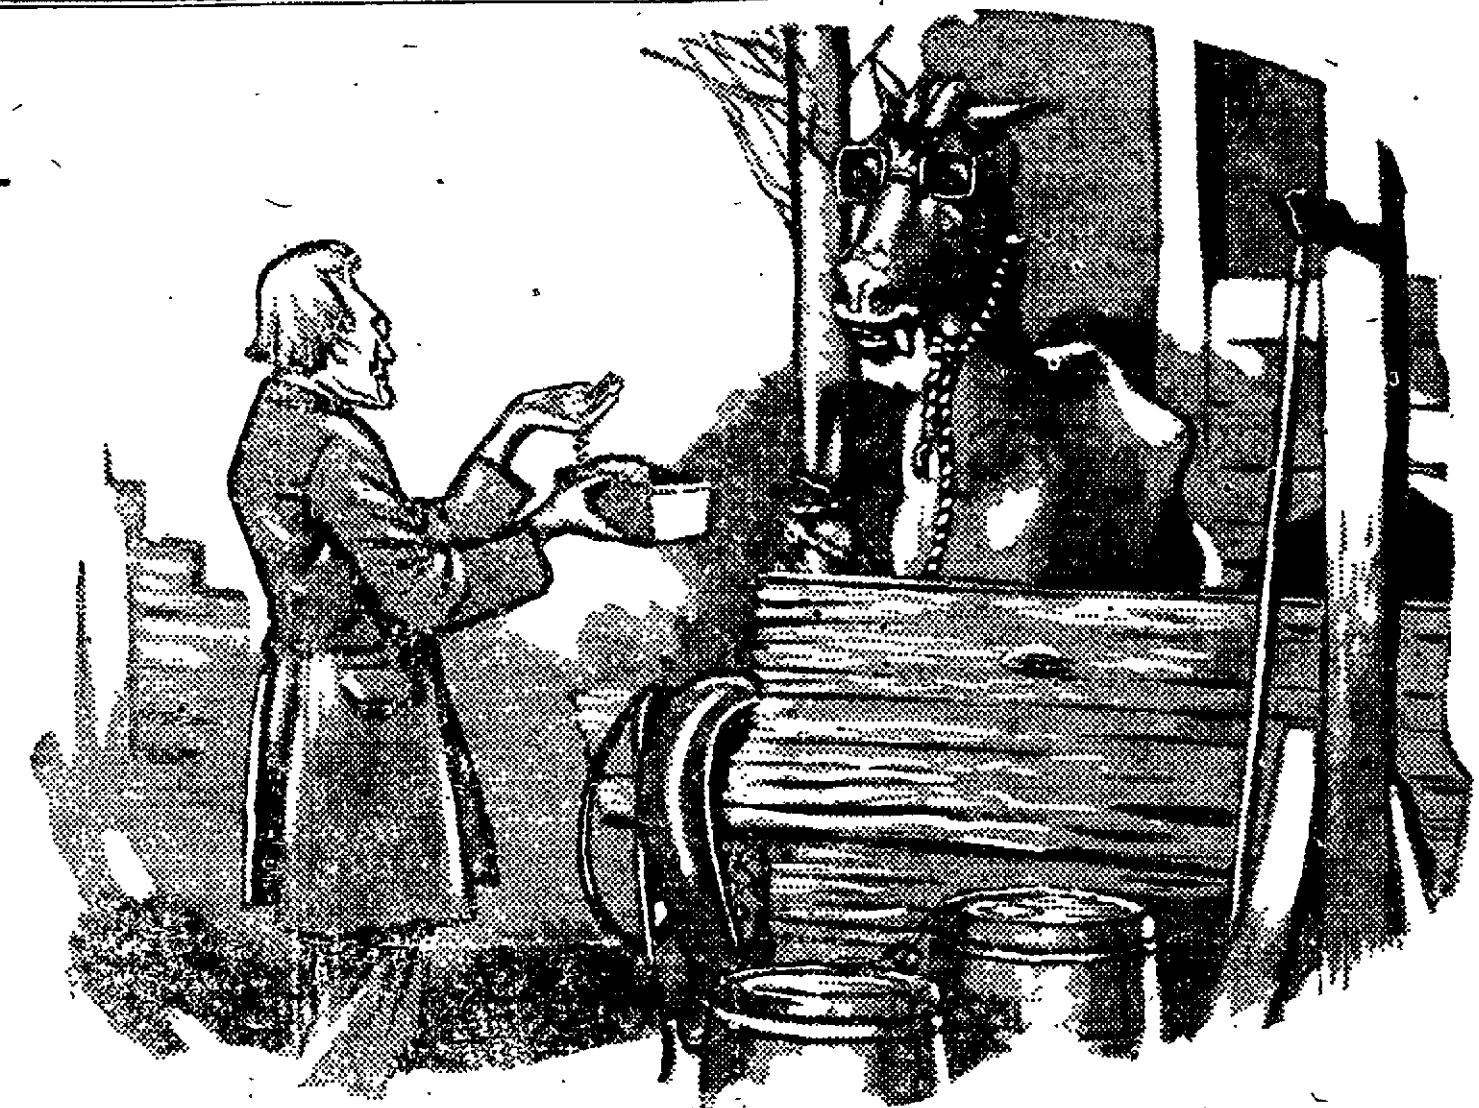

Rich milk, combined with extract of choice grains, reduced to powder. Very nourishing, yet so easily digested that it is used, with benefit, by ALL AGES, ailing or well. An upbuilding diet for infants, invalids, nursing mothers. Convenient, Light Nourishment, when faint or hungry. Taken hot, upon retiring, it induces sound, refreshing sleep. Instantly prepared at home—no cooking.

Bought at an unusual concession in price — an dmarked accordingly — these Radio Specials are offered to you at the lowest cost of the season. Bear in mind these items are stamped with the mark of quality—all first class merchandise and backed by our guarantee of utmost value.

Green Specs and Sawdust

IT was a great idea all right—made the poor old nag think he was getting sure-enough green feed. What a pity he had to spoil it all by dying "just as he was getting used to it!"

Plausible-sounding claims make it easy for you to fall into the same kind of experiment with the diet for your motor. Just semi-technical enough to sound imposing, these claims supply an easily acceptable "green spec" appearance to a vilely compounded, ragged-firing, carbon-and-kerosene laden parody of real gasoline, as dangerous in the end to your motor as the sawdust to Dobbin. There is nothing to "get used to" about

Wadham's 370 True Gasoline

It is the genuine, real gasoline that all motors were designed to use. It is the first pick of grade petroleum, a true gas in volatile, liquid form.

It has no free carbon to clog your valves nor a particle of kerosene to slip down and spoil the lubricating supply in your crank case.

FINISH SURVEY OF CHILDREN'S CHURCH HOMES

Ministerial Association Compiles Record of Church Affiliations in City

Names of boys and girls of Appleton of school age and their church affiliations were distributed among the pastors of various local churches this week by officers of the Appleton religious days school. The group took a religious census of the city this summer for this purpose. The lists contain the names of all school children of the city and their choice of churches, for future reference of the pastors. Children who stated they were unaffiliated with any church also are named. All of the pastors can work on the unaffiliated list.

President C. O. Davis of the religious days school appointed a religious committee for the school for the year. The group consists of Dr. J. R. Denyes, C. O. Davis, R. E. Carneross and B. J. Rohan. A meeting of the church school superintendent's club, the initial session of the year, will be called soon to work on the list of unaffiliated school children of Appleton. Churches not represented in the superintendent's group will be supplied with lists personally by Dr. Denyes, director of the religious days school. Plans to open the school now are underway.

Heavy Musical Program At High School This Year

The first big musical production to be put on by the high school this year will be the operetta, "The Bells of Beau Jolus," by David Smith, according to Carl McKee, director of the glee club. The dramatic and staging end of the production will be under the direction of Miss Ruth McKennan. Work on the operetta probably will be started next week. Before this year the larger productions were usually presented in the spring, but this year the operetta will be given Dec. 4 at Lawrence chapel. Owing to the "bigness" of the production, there will be a large number of parts afforded members of the glee club. The glee club is again divided into two groups this year, a girls and boys glee club. There are 50 pupils in the girls club and 40 have enrolled in the boys' club. This makes a total of 120 students enrolled, almost double the number that were in the glee club last year.

Thirty students make up the high school orchestra, also directed by Mr. McKee. The orchestra is to play the accompaniment in the operetta and will present programs during the year in the assembly room.

The band, which is composed of 49 pieces, is practicing earnestly on a program to be given at the dedication of the Junior high schools, which will take place next month. Members of the band are learning to play their instruments and march at the same time under the direction of Mike Steinhauer. The band probably will make its debut at football games and also will play at basketball games this year.

Several concerts will be presented in the spring by the band, with special numbers by the glee clubs, the proceeds of which will go toward the fund for paying for uniforms which will be purchased for musicians.

UNITED STATES OFFERS DEBT CERTIFICATES

The secretary of the treasury, under the authority of the act approved Sept. 24, 1917, offers for subscription, at par and accrued interest, through the Federal Reserve banks, treasury certificates of indebtedness of series TJ2-1925, dated and bearing interest from Sept. 15, 1925, payable June 15, 1926, with interest at the rate of 3 1/2 per cent per annum, payable on a semiannual basis. Applications will be received at the Federal Reserve Banks.

Bearer certificates will be issued in denominations of \$500, \$1,000, \$5,000, \$10,000 and \$100,000. The certificates will have two interest coupons attached, payable Dec. 15, 1925, and June 15, 1926.

As fiscal agents of the United States, Federal Reserve banks are authorized and requested to receive subscriptions and to make allotments on the basis and up to the amounts indicated by the Secretary of the Treasury to the Federal Reserve Banks of the respective districts.

STEALS CHICKS TO HELP FRIEND. PAY FOR CAR

Chicken stealing is an outdoor sport commonly attributed to the colored race, but it is by no means confined to that class of people, and it is doubtful if a dusky colored chicken thief ever stole poultry to sell it so he might help a friend pay for an automobile, as did Martin Diemal, town of Maine. Residents of Waupaca-co have been wondering for some time why their clucks and roosters were disappearing but now they know for Diemal was taken into custody Wednesday by Deputy Sheriff Raymond Ritter, Hortonville, on orders of Sheriff F. G. Schwartz. Diemal has been turned over to Sheriff William Toepke of Waupaca-co. When questioned on his motive for practicing "coon" tactics on Waupaca-co farmers, Diemal said he was helping a friend pay for an automobile, and "hit upon" "chicken lifting" as a quick means of raising money. He did not mention his friend's name.

WOMAN, WITH BABE IN ARMS, LEAPS FROM CAR

Jumping from the car in which she was riding, and holding her baby in her arms, a Kaukauna woman whose name could not be learned saved herself and her child from possible serious injury when her automobile crashed into the rear of a car driven by Mrs. Albert Leu, Oakfield, Wis., Sunday afternoon on highway 31, about eight miles west of Fond du Lac. Both cars were badly damaged in the collision.

Mrs. Leu was driving the car ahead and was accompanied by her husband and their two children. The driver of the Kaukauna car attempted to pass them from the rear, but was prevented by a third car coming from the other direction.

Mr. and Mrs. Alvin Stecker of Green Bay visited with Mr. and Mrs. J. C. Mielke Wednesday.

STREET SWEEPER IS MONEY SAVER

Mechanical Cleaner Will Pay for Itself First Year, Mayor Says

That the street sweeper which has been in use on the city's streets during the past spring and summer is one of the best investments ever made by Appleton is the opinion of Mayor John Goodland, Jr. Although the machine cost between \$6,000 and \$7,000, it will more than save that amount before winter, he claims.

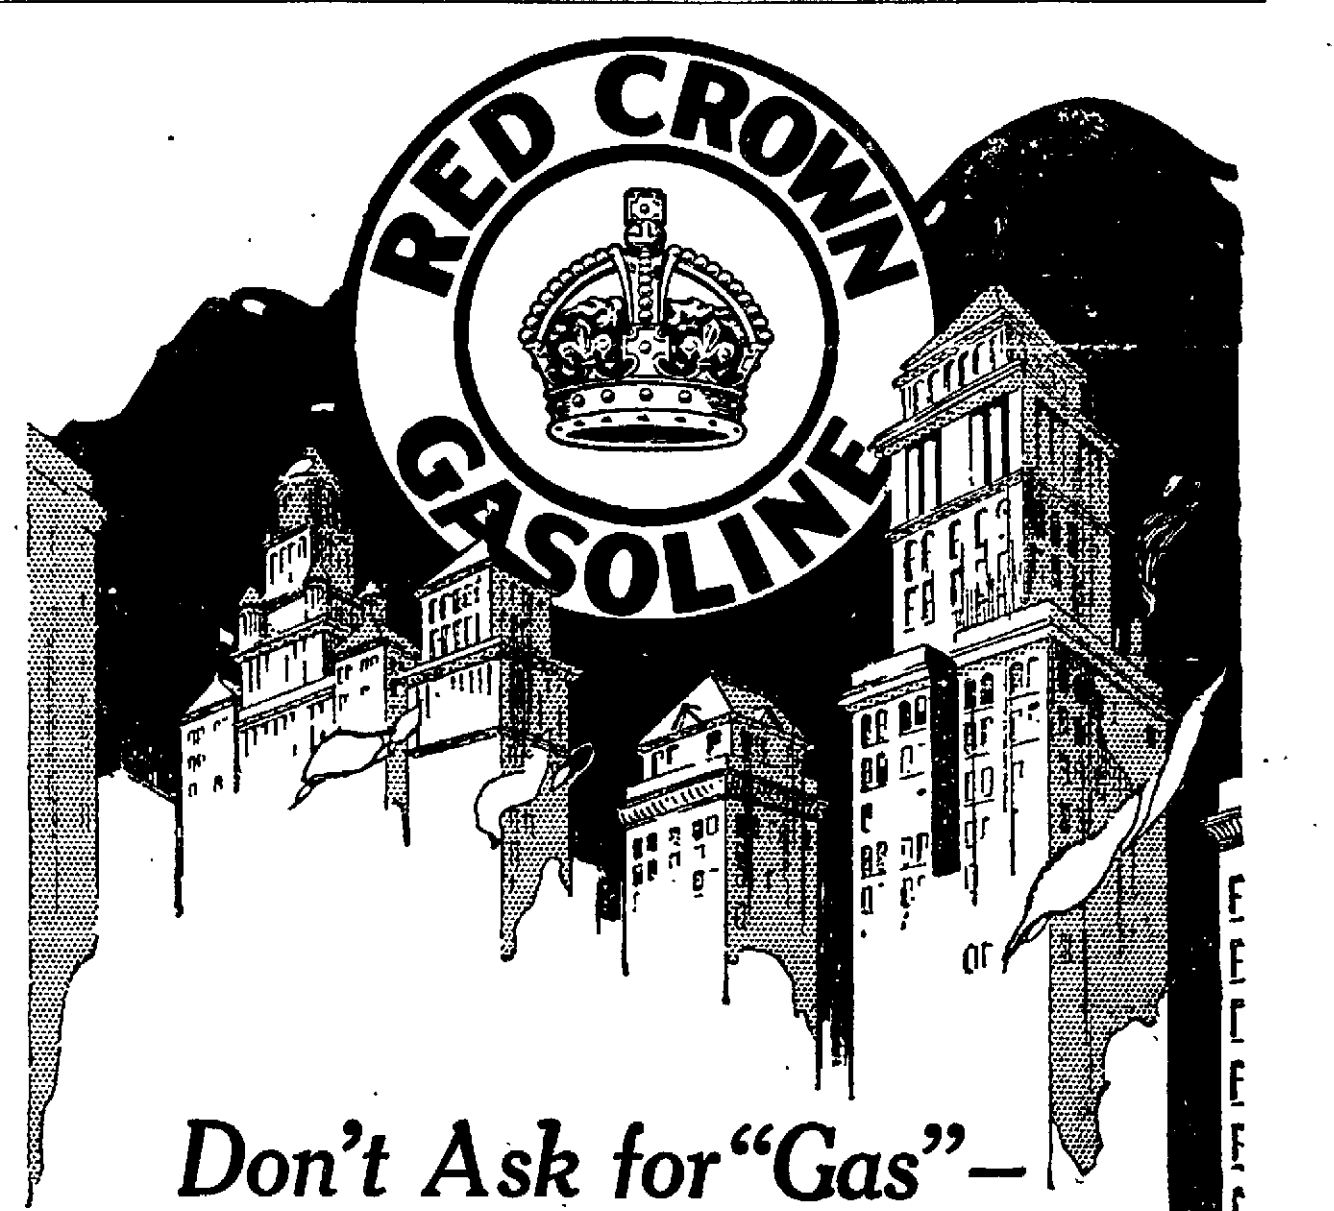

Before the purchase of the machine, an average of 23 men were needed on the street cleaning force. The sweeper has taken the place of 18 men who received about \$55 per month each. This amounts to a saving of over \$3,000 in six months, more

than the purchase price of the sweeper. As the machine will, with good care, last for many years, it is evident that an appreciable amount will be saved. Demonstration has proved

that the sweeper cleans the streets just as efficiently as could be done by workmen. Sam Cannon of Neenah visited friends in the city Wednesday.

5 Tests of Good Flour

Every woman can enjoy the best bread and pastry if she knows how to test her flour and then use a flour that stands the test. Read these 5 important tests for good flour.

1. **COLOR:** Does it have the creamy white natural wheat color?
2. **TEXTURE:** Does it have a smooth silky appearance?
3. **FLAVOR:** Does it have a rich nut taste?
4. **ELASTICITY:** Does the dough have a strong springy feeling?
5. **UNIFORMITY:** Does the dough work up the same in every batch so that your bread is always good?

There are many flours, including well advertised brands, that can stand three or four tests, but there are few that can stand the "all 5" test. The lack of any one of these qualities results in less satisfactory baking. It requires 2 1/2 of these qualities to make the best bread. BIG JO has stood the "all 5" test for 40 years. We GUARANTEE that BIG JO will stand EVERYONE of these tests.

Keeps bread fresh longer

Besides measuring up to the "all 5" test for good flour, BIG JO possesses a special quality of keeping bread FRESH LONGER. This is because BIG JO is made from strong hard wheat—extra rich in gluten which absorbs more water in making dough. This EXTRA absorbed water keeps bread or pastry fresh much longer. Try a sack of BIG JO today and see how much longer your bread or pastry stays FRESH. Phone your grocer NOW.

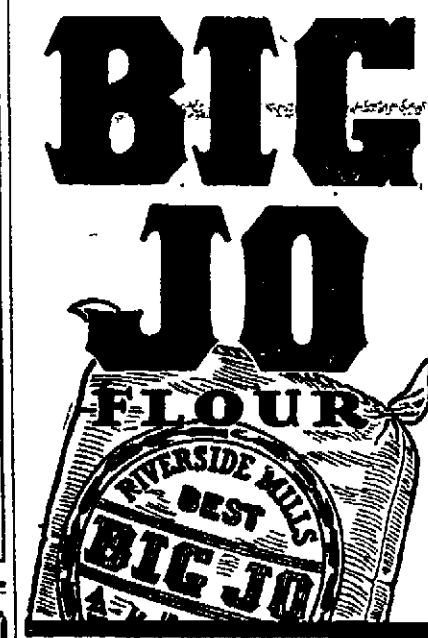

More bakings per sack

This water absorbing quality of BIG JO flour—due to the use of strong hard wheat, rich in gluten—makes BIG JO an economical flour. A sack of BIG JO will go further because you use LESS FLOUR to get the same size loaf. If you want the best bread from BIG JO, scant your flour. Less flour to each baking. Try a sack of BIG JO today and see how much flour you save on each baking.

Money-Back GUARANTEE

Phone your grocer now for a sack of BIG JO. Try several bakings of bread, biscuits, pie or cake. Make the "all 5" test. See how much flour you save. See how much longer your bread or cake stays fresh. See why many housewives who, when they were little girls, learned from their mothers to use BIG JO flour, still use BIG JO today. Then if you do not feel that you are more satisfied with BIG JO than any flour ever used—that it saves you money—that your bread stays fresh longer and that you are truly DELIGHTED, return the unused portion of the sack to your grocer and money paid for entire sack will be cheerfully refunded. Isn't that fair?

SMALL GROUP OUT FOR FIRST BLUE GRID PRACTICE

MANY VETS STILL OUT OF CITY AS PRACTICES START

Catlin Starts Season's Work on 16 Candidates Headed by Capt. Eddie Kotal

With a midsummer sun beating down on the new George A. White athletic field, 16 candidates for Coach Mark Catlin's 1925 Lawrence college football team, led by Capt. Eddie Kotal, halfback, went through the first stages of a workout Thursday afternoon. Several of the stars of last year's crew had not returned as yet, but Catlin expects to have them all in the fold by Saturday afternoon or Monday. The heat was just right for a baseball game, and because of the small number of players out only a light workout in fundamentals was out on after a talk by the veteran Blue mentor. Coach Catlin said, however, that regular signal work and practice would be started as soon as a sufficient number of candidates appear, which means, according to Marks system, that the boys probably will be going through hard scrimmage by Monday afternoon or Tuesday.

HAVE FINE GRIDIRON
The field on which the Blues will show their wares this year is one of the prettiest and best in the mid-west and the new lockerhouse also will rank with the best. The cement floor probably will be completed this week and 132 individual lockers will be installed. Each candidate for the squad will be given a locker. The lockers from the old Lawrence field had been set up on the running track and the largest crowd ever at a Blue grid tilt can be taken care of this year.

WANTS GOOD TEAMWORK
In his talk, Coach Catlin emphasized the idea that his team must work together and let no personal or any other difference show in the play. He expects to see that this is carried out among his players in order to build a good football team. He asked every man to give his best efforts, stating that he had room on the squad for only such athletes. It is not the candidates past ability that counts but what he does in the future that counts.

URGES "ALL OUT"
Plenty of the most promising material in the school is never discovered until the close of the school year, the Blue mentor said. Many men can play football and never know it till he gets on the field. He urged that everyone in the school who would like to play football get out in a suit, whether he thought he had a chance to make the team or not. He emphasized the fact that it is the Blue's first year on the new field and as such it must go down in grid history as a big year. He also told of the motion pictures which will be taken by the Fox Film Co. of the dedication game.

TO TRY NEW PLAYS
The Blue mentor has two systems of plays which he has been working on for several months and he expects both to work plenty of havoc with the opposing squads. Many are built especially to combat a particular style of play of a particular enemy as Mark has noted it in the past few years. The men out spent a short workout in passing and running, going down the field under passes and punts and then all were required to jog all the way into the gymnasium to "take off a few of the extra pounds gathered during the summer," as Coach Catlin said.

LETTERMEN BACK
The entire group out Thursday afternoon had entire new equipment of the finest type consisting of new jerseys, pants, stockings and shoes. Among the men out were Capt. Kotal, halfback; Nason, halfback; Nobles, fullback; Hipke, center and guard; Boettcher, end and fullback; Dunham, tackle; Bayer, end, all of the 1924 state title team. Grove and Johnson, cage stars, and McInnis, members of the 1924 freshman team; Ashman, cage star, and an end candidate; Bohn, end and candidate; Bloomer and Weinkauff, both of Appleton.

MARQUETTE STADIUM WILL SEAT 20,000

Milwaukee—The new Marquette university stadium erected a year ago on the old city circus grounds here now will seat 20,000 people with fifty rows of seats on each side of the field, while plans for the structure when completed call for a seating capacity of 42,000. Eventually the stadium is to be closed off at the north end to form a horse-shoe shaped bowl, but the seating capacity of 20,000 will be ample for the present.

GAUTREAU STARRING FOR BOSTON BRAVES

Walter Gautreau, the Boston Braves' top infielder, has been playing a whole of a game since joining the Bancroft forces a few weeks ago. His hitting has been timely and his fielding superb. The other day he accepted nine chances at second base in faultless fashion.

BREWERS HANG UP DOUBLE-PLAY MARK

Milwaukee—A record of 182 double plays, which was established by the Washington American League team in 1923, was shattered by the Milwaukee Brewers of the American Association recently when the team completed 183 double killings. Washington's brilliant record in 1923 was made in 151 games, and was due to the scintillating of Stanley Harris and Roger Peckinpaugh. The Brewers' club broke the mark in fewer games, having played in 132.

The record was principally through the efforts of "Skeets" Mellie, who recently smacked Larry Lajoie's 17-year-old record for chances around second. St. Paul is the closest to Milwaukee in the Association, with 136 in 151 tilts.

BOTH LOOP HEADS HAVE EASY LEADS

Senators, Pirates Keep on Winning to Maintain 7 1/2 and 7 Game Holds

New York—(AP)—The Pirates now are leading the National League flag race by seven games and the Senators are in front in the American League scramble by seven and one half contests.

Ray Kiemer limited the Braves to seven bingles while his Buccaners team mates rolled up 13 hits for an 11-2 verdict Thursday. The Pirates gained half a game as the Giants were not scheduled.

The Phillies met with a 5-2 defeat in opening a series at Cincinnati. Carl days beating Ring in a pitching duel.

BUCKS SPLIT BILL

After Walter Johnson fell victim to the Tigers in the first part of a doubleheader by 12-9 Stanley Coveleskie twisted the Senators to a 1-0 victory in the afternoon which was called on account of darkness in the sixth inning.

The Red Sox weakened the Browns' hold on third place by handing them a double shutout 2-0 and 4-0. As the Bengals drew an even break with the Griffins, Detroit edged to within one and one half games of the third rung.

Quinn held the White Sox to seven hits while the Blackmen turned out a 6-3 victory in the final game of the clubs this season.

With Henry Johnson, Florida rookie in the box the Yankees, won the final game of a series from the Indians, 5-0.

ONLY AMERICA'S BIG 4 LEFT IN NET MEET

New York—(AP)—With stars of France, Spain, Austria and Japan eliminated, only America's Big Four were left Friday in the tournament for the National Tennis championship.

William T. Tilden, of Philadelphia, Vincent Richards, of Philadelphia, R. Norris William, of Philadelphia and William M. Johnston of San Francisco were the survivors.

Three of them were in the semi-finals a year ago. Williams, the season's sensational comeback, endeavored Friday to block the path of Johnston to his eighth appearance in the final round. In the other half of the draw, Tilden and Richards renew the struggle which they had a year ago when the champion eliminated his youthful rival in five hard fought sets.

GOLF As Champions Play It

The United States Golf Association has legislated against clubs.

Has the United States Golf Association legislated about clubs? In what manner?

BY WILLIAM MEHLHORN Western Open Champion, 1924. The United States Golf Association has barred the ribbed faced and punched iron clubs; that is, the deep and wide ribbed clubs to involve backspin on the ball. The scoring on clubs with lines is limited to one-eighth of an inch in width and must be more than thirty-three seconds of an inch apart. The dotted faces cannot have any rough edges protruding from the face.

Billy Sixty In Exhibition Golf Match Here Sunday

COLUMBIAN GRIDDERS OPEN PRACTICE

COLUMBIA GRIDDERS GET DOWN TO WORK

With Coach Crowley in charge, football preparedness for the coming season has started in earnest at Columbia University. Photo shows a group of aspirants for varsity jobs getting instructions in the rudiments of the game from Crowley, shown with his back to camera, kneeling. Gridiron spirit is running high at the Blue and White institution this season.

Marquette Gridders End Training Work Saturday

Milwaukee—The Marquette University football squad, 70 strong, returns to Milwaukee Saturday after two weeks of preliminary camp training on the island at Lake Meunah, Wis., and Marquette fans now are looking forward to the coming season which includes games with the Navy, Mercer, Creighton, South Dakota State, North Dakota, Kansas Aggies, Loyola, Lombard and St. Marys.

With a host of veteran material and promising sophomores back in the fold, 1925 looks like a great year for the Golden Avalanche and there are those who predict it may be the climax of the unusually successful string of seasons rolled up by Marquette teams in recent years. For, be it known, it is a "graduating year" at Marquette and practically all the veterans who have served on Coach Frank J. Murray's strong teams of the last two seasons will receive their sheepskins next June.

11 STARS END CAREERS
Followers of the team, therefore, are expecting much from the squad this fall. It will be the last year of play for such stalwart youngsters as LaVern Dilweg, all-western end and captain in 1924, John Fahay and Dick Flaherty, ends; Pete Cartwright and John L. Sullivan, guards; Don Curtin and Bob Deming, quarterbacks; John Helmsch, fullback, and Irv Lechtfuss, Joe Valler and George Skomp, halfbacks.

While the prospects are good, while the sun shines, the Golden Avalanche intends to "make hay" and the two weeks in camp at Lake Meunah have put Coach Murray's crew in fine shape for the Loyola game here, Sept. 26; the St. Marys argument, Oct. 3; and the inter-sectional clash with the Navy at Annapolis, Md., Oct. 10. Marquette defeated the Navy, 21 to 3, last season.

The remainder of the schedule will be played in the big new Marquette stadium in Milwaukee. It includes: Oct. 24, Lombard college; Oct. 31, Creighton university; Nov. 7, Kansas Aggies (homecoming); Nov. 14, South Dakota State college; Nov. 21, University of North Dakota, and Nov. 26 (Thanksgiving.) Mercer (Macon, Ga.)

CREIGHTON BIG GAME
Marquette has lost but two games in the last three years and but seven in the last eight seasons. Creighton and Boston college were triumphant last season and the local eleven gets another chance at Creighton here this fall and hopes to avenge last year's drubbing. This is Coach Murray's fourth season as head coach. He is a Tufts graduate and has the assistance this season of Lloyd Scott, Colgate; Freeman Fitzgerald, Notre Dame; and Edgar Leavenworth, Detroit.

COLGATE DEPENDS ON SPEEDY TYRON

Colgate University is banking to a great extent on Tyron, its star back, this season. Tyron was one of the big stars of the eastern firmament in 1924, being Colgate's best ballplayer. He's said to be in great shape this season and will be out to excel his performances of a year ago.

MACKIAN DEFENSE HAD REAL BUSY DAY

The Mackian defense had a busy afternoon in a game played with the Yankees recently. It turned in exactly 20 assists, Groves being high with seven. Galloway was close behind with five.

MARK KOENIG GOING WELL FOR YANKEES

Mark Koenig, the Yankees' top shortstop, has got off to a good start. His fielding has been first-class and he's been hitting the ball nicely. The arrival of the St. Paul lad, plus his good playing, has put "Pee Wee" Wanninger on the bench.

New York—Luis Vicentini and Solby Seaman fought a 19 round draw.

Dallas—Matty Matsuda, Japanese wrestler, won over Joe Sylvio, Boston welterweight, in straight falls.

PURPLE TO HAVE TWO BIG BATTLES

South Dakota and Tulane U. Furnish Plenty of Inter-sectional Competition

Evansville, Ill.—The inter-sectional grid games are on the Northwestern University football schedule this fall which in several aspects is one of the stiffest lists of games faced by a Purple eleven in years.

The two contests, which will bring teams from different sections of the country, are those with the University of South Dakota, October 3 and Tulane University, October 24. The South Dakota game opens the fall schedule and is to be played at Northwestern field in Evanston. The Purple will journey to Stage field on the midway for the Tulane game since the home stands will not handle the large crowds which will attend the contest.

Tulane will send a strong team northward for the Northwestern engagement. The lack from New Orleans have an enviable reputation in southern football circles and should provide the Purple with plenty of opposition.

Coach Thistlethwaite plans to push his men hard from the start of practice in order to get them in condition for the opening game with South Dakota October 3. Last season the grid-ders from the Northwest gave the Purple a hard fight for the season's opener and with many veterans back again this fall, the game should be closely contested throughout.

CARLETON AT EVANSTON
The week following the Dakota engagement will see the Carleton college eleven on Northwestern field for a test of conference, football. The Minnesota grid-ders have long been one of the leaders among the smaller institutions of this Northwest and for this season Coach Thistlethwaite added them to the Purple schedule for an early season game.

Following the Carleton game the Purple will plunge into the conference season by taking on the Chicago Maroons, last season's Big Ten champions. The game between the two institutions for the Chicago championship has always been one of intense rivalry. Last year the Maroons won from the Purple by a score of 3 to 0 on a drop kick made in the closing minutes of play. On the next, Saturday, Oct. 24, another trip will be made to Stage field, this time to take on Tulane.

Indiana will provide the homecoming entertainment for the Purple on October 31 at Northwestern field. The following Saturday, November 1, will see Thistlethwaite and his men back in Chicago, this time to meet Michigan on Soldiers Square, at Grant Park.

Another out-of-town trip will be made on November 14, when the Purple hop down to Lafayette to meet Purdue university. For the last two years Purdue has won from the Purple in their annual engagement and this fall will see the two rivals again battling for supremacy.

NOTRE DAME GAME
The final game of the Purple will be played at South Bend against Coach Knute Rockne's Notre Dame eleven. Last season the Purple gave the famous Notre Dame team its hardest game of the season, holding the four horsemen to a 13 to 6 score.

be back and the other vacancy can be easily filled.

Fondy finished second in the Fox River Valley Conference last year, losing out on a tie for first place with East Green Bay by dropping a 7 to 0 game to Appleton, the Papermakers' town, resulting from a blocked punt in midfield. It was the only defeat for the Bakerites all season.

The local homecoming game will be Oct. 31, with Oshkosh here. The first conference game will be Oct. 3 when Manitowoc comes here. Appleton, Sheboygan and West Green Bay will play on foreign fields. Fondy had a hard time beating Manitowoc, 6 to 0, last year and the Shipbuilders look like an even better aggregation this fall. It is a hard schedule, but Coach Baker believes his material will be equal to it and may carry the Red and White to its first football championship.

PRO GRIDDERS START SUNDAY

Rock Island and Chicago Bears Help Hammond and Bay Packers Open Big Season

Columbus—The National Football league, composed of the strongest professional eleven in the country, will open its 1925 schedule on Sunday. Only two games are booked, as the majority of the teams use the baseball parks in their respective cities and it will be another week before they get into action.

The initial combats bring together the Chicago Bears and Rock Island Independents at Rock Island while the Hammond All Stars will invade Green Bay, Wis., to meet the well known Packers.

SEPT. 27 SCHEDULE
The following Sunday, Sept. 27 sees the Bears at Green Bay; Hammond at Chicago Cardinals; Akron at Cleveland; Columbus at Detroit; Kansas City at Duluth; Rochester at Canton and Buffalo at Pottsville, Pa. Four new clubs, New York, Providence, Pottsville and Detroit, are in the league this year while Racine and Minneapolis have surrendered their franchises for the 1925 season. According to the schedule mapped out, the closing games, which most likely will decide the championship are to be played on Dec. 13 and 20.

In discussing the pro league situation this season, Joe Carr, president of the post graduate gridiron circuit thinks 1925 will be a banner one in every respect.

SEES STRONGER CIRCUIT
"The addition of New York, Providence, Detroit and Pottsville, will greatly strengthen our circuit," said Mr. Carr. "It is true that the big game of Minneapolis and Racine may weaken the western division a bit but we hope to rearrange several of our games so as to balance the loop."

"As in past years, Philadelphia will have a fast team. Great things are promised from New York and I think the Providence Steam Rollers and Pottsville Maroons will win a lot of games."

"Buffalo, under the leadership of Walter Koppisch, should be greatly improved. The return of Canton to the fold will be beneficial to pro football in Ohio. Cleveland is lining up nicely and Akron, Dayton and Columbus should be well up in the running. Jimmy Conzelman, who is directing things at Detroit, always produces a good squad."

BEARS AND CARDS
"The Chicago Bears should be as strong as ever while Chris O'Brien aims to place a much better Chicago Cardinal team on the new field. McGurk, the Milwaukee manager, is building his club a new. He has sold many of his stars but has a bunch of promising youngsters lined up."

Rock Island, as in the past, looks for a winning team. Doc Andrews, the Kansas City manager, claims his club will be a whole lot better than it looks on paper.

"The Duluth team should prove to be as troublesome as in past years while reports I have received about the Green Bay team makes me think that the Packers will be among the topnotchers in the percentage table."

"Y" NETTERS TO MEET WAUPACA

Rival Squads Attempt to Break Tie of First Meeting of Year at Waupaca

Four members of the Y. M. C. A. tennis team will be hosts to the Waupaca city net team on the local "Y" courts Saturday afternoon in an effort to break an existing tie for the 1925 season. The local squad traveled to Waupaca earlier in the season and was forced to be content with a tie. Four single matches and two doubles were played and each team copped two singles and a double match. Both squads have been working hard for the return match in an effort to break that tie. The locals will have the advantage of the home courts and a real match is on the cards.

THREE LAWRENCE PROFS
The "Y" squad has not been picked but probable members are R. V. Landis, F. W. Clippinger, A. D. Power and either Herbert Mundhenke or Joseph Hantschel. Clippinger and Power, a pair of Lawrence college professors, form a strong doubles pair. They represented Appleton in the valley doubles title meet at Neenah last week. Mundhenke is another Lawrence prof and was formerly a star of Blue teams. He coached last year's Blue intercollegiate team.

LOUISVILLE BOASTS BIG LEAD IN A. A.

With but a few weeks left to play, Louisville has a lead of 18 full games on its nearest rival in the American Association race. It is one of the biggest margins ever recorded in the Double A loop. The Colonels have been at the top virtually since the start of the season.

Los Angeles, Calif.—Ace Hudkins, Nebraska, and Mushy Callahan, Los Angeles, fought a ten-round draw.

Cream City Star Paired With Hagen In Match At Butte Des Morts Course

Famous Pair of Link Artists to Hit Walsh and Ken Dick-inson; Local Stars

When Appleton golf fans travel to the Butte Des Morts course Sunday afternoon to see the big exhibition match in which Walter Hagen, National Open title holder will display his wares, another familiar form will line up beside the champion to do battle with the class of local golfers. For Billy Sixty of Milwaukee who appeared here last week with Blm Lovekim, Milwaukee pro, will again oppose Frank Walsh and Ken Dickinson. Sixty was a member of the losing team last Sunday and the match this Sunday will give him a chance to even his card against the local men.

SIXTY IS STAR
Sixty is one of the best known amateurs in the country and is golf editor of the Milwaukee Journal. He has been one of the leading contenders in national amateur and open meets for a number of years. He was so delighted with the local course last Sunday that it was easy to secure his services to pair him with Hagen against the local stars again this week, when E. F. "Red" Aills had to decline the invitation. Sixty declared that the local course is just the thing for championship play and expects to boom it for the 1926 state amateur meet.

WALSH TO CHICAGO
Ken Dickinson and Frank Walsh, the Appleton pair, showed their ability at meeting titlists last week when they copped from Sixty and his partner, Blm Lovekim, 1 up after a trailing on the final 9 holes. Both will be in real form. Walsh will accompany Hagen to Chicago on Monday, where they will defend his national open title at Olympia. Fields. This course is an old familiar haunt of the Butte Des Morts pro and he is expected to be among those who will make things interesting for the titlist this year. Walsh, a former Chicago boy, received his golf education on the Olympia Fields course, where

one of his brothers was club superintendent. He acted as assistant to his brother for a year. The match will start at 2 o'clock and an admission fee of \$1 will be charged to defray expenses for the two famous visitors. Tickets are on sale at the Belling and Schlitz Bros. drug stores.

MANY CRACK DRIVERS IN MILWAUKEE RACES

Milwaukee—(AP) Thirty-five state speed pilots have entered the autumn sweepstakes of the Badger Racing association which will be held over the state fair track here Sunday. Practically every well known Badger Driver has nominated cars for the meet which will wind up the racing season over the West Allis oval.

Among the number are Stanley Nowicki, Jack Mattes, Carl Marchese, Ben Parkhurst and Porter Short of Milwaukee, Art Liebau of Dodge Bay, Glenn Allen of Baraboo, Frank Reinke, West Bend; Orville Eckert of Fond du Lac; Harry Haberland of Waukesha.

Six special trains will be run here from different parts of the state for the meet.

GRAYJECK MUST WIN TO SHARE IN PURSE

Milwaukee—Walter Grayjeck, sensational featherweight who tackles Joey Cline in the first half of the double wind-up to Harry Kahn and Red Blanchard at Appleton has a rather peculiar contract with his manager, Fred Saddy. It is poor business for Walter to lose a fight for if he does he will have to split his purse with his manager. If he gets a draw he is cut 30 per cent, if he wins a decision he is cut 25 per cent, and if he wins by a knockout he is cut only 20 per cent. This seems to be the making of Walter for he has been a consistent winner since signing this agreement.

Common Sense—Plus!

There's a quality in people that for want of a better name will have to be called "uncommon sense."

It's that little something extra that makes a person appreciate the opportunities to save money and gain satisfaction that all the Post-Crescent's Classified Columns all the time.

Not that common sense isn't all right—in its way. It tells you to make your money go as far as it can and bring you as much as possible in return.

But it's the people with uncommon sense who are getting what they want and saving their money through the opportunities offered in the Post-Crescent's Classified Columns every day.

There's profit and satisfaction there for you today—tomorrow—every day that you read the A-B-C Classified Ads!

8 BARGAINS

When you purchase a Used Car from us you are assured of 100 per cent value. We list here with some mighty fine buys.

FORD TOURING

1920, car in exceptionally good mechanical condition. Top, tires and finish in such condition that car looks like much later model. Front bumper, starter, \$50 down, balance time.

STUTZ TOURING

5 passenger, 4 cylinder, finished in maroon. Special glass curtains. Good cord tires, front bumper, spot light and many other extras. Excellent mechanical condition. A fine opportunity at \$700.

MAXWELL TOURING

Good mechanical condition. Equipped with 1925 license. Ready for the road. A splendid car for hunting or fishing trips. \$50 taking it.

BUICK 1922 COUPE

4 passenger. Refinished in new "lacquer" gray, top is black. Equipped with front bumper, seat covers, 5 good cord tires. \$300 down balance on terms.

BUICK 1923 TOURING

California top-rail cold weather comfort. Equipped with front bumper, spot light, motorometer, and Gabriel snubbers. \$300 down payment, balance easy terms.

FORD COUPE

1924 model. Good tires. Equipped with Rayfield carburetor, new Ford distributing system, shock absorbers. In fact it is equipped with everything that you could possibly want on a Ford. Price \$450.

CHEVROLET COUPE

1922, 4 passenger. Equipped with 1925 license. Paint, tires and mechanical condition fair. \$250.

1925 HUDSON COACH

A rare bargain in a 1925 Hudson coach, equipped with 1925 license, two bumpers, automatic windshield wiper, rear vision mirror, motorometer and cap. Balloon tires, one spare. \$995 takes this car.

Central Motor Car Co.
(Buick Service)

LEGAL NOTICES

It is ordered by the court that a hearing be had upon the same on the seventh day of October, A. D. 1925, before said court, in the city of Milwaukee, in said district, at 10 o'clock in the forenoon, and that notice thereof be published in the Appleton Post-Crescent, a newspaper published in said district and that all known creditors and other persons in interest may appear at the said time and place and show cause, if any they have, why the prayer of said petitioner should not be granted.

It is further ordered by the court that the clerk shall send by mail to all known creditors copies of said petition and this order, addressed to them at their places of residence, as stated.

Witness, the Hon. Ferdinand A. Geiger, Judge of said court, and the seal thereof, at Milwaukee, in said district, on the fifteenth day of September, A. D. 1925.

(L. S.) F. C. WESTPHAL, JR., Clerk.

September 17-18.

STATE OF WISCONSIN County Court for Outagamie County.

In the matter of the estate of Hulda Becker, deceased.

Notice is hereby given, that at a regular term of the county court to be held in said county at the court house in the city of Appleton in said county on the first Tuesday, being the sixth day of October, A. D. 1925, at the opening of the court on that day, to-wit: at ten o'clock in the forenoon, the following matter will be heard and considered:

The application of Marie A. Richardson as the administratrix of the estate of Hulda Becker late of the Town of Greenville in said county, deceased, for the examination and allowance of his final account (which account is now on file in said court), and for the allowance of debts, claims and other items, paid in good faith without having been first filed, approved or allowed by the court, as required by law, and for the assignment of the residue of the estate of said deceased to such persons as by law entitled thereto; and for the determination and adjudication of the inheritance tax, if any, payable in said estate.

Dated September 2, 1925.

By the Court
FRED V. HEINEMANN, County Judge.

Sept. 1-11-15

CHURCH BRINGS NOTED ARTISTS TO APPLETON

An exceptional program will be offered Appleton music lovers Saturday evening when Goran Fogelberg, violinist, and Carl G. Berggren, pianist, two of the foremost artists of Sweden, will appear here in a recital at the Evangelical church starting at 7:30. They are being brought here under the auspices of the church.

The Minneapolis Journal says of them:

"These two eminent musicians are so kindred in temperament, training and ideals that they have succeeded in establishing an ensemble which seldom is reached. Mr. Fogelberg brings his rich and impeccably pure tone and the great experience in chamber music, won through his associations with Henri Marteau, while Mr. Berggren attracted attention brings his rich and impeccably for chamber music in the city."

DEATHS

PHILLIP HAUKE
Phillip Hauke, 82, Civil war veteran died at 11 o'clock Thursday night at the home of his son, Milo at Dale. He is survived by four sons, Harvey of Hortonville, James of Mosinee and Elmer and Milo of Dale, and one daughter, Mrs. William Brown of Hortonville. Mr. Hauke was a resident of Dale for more than 60 years. Funeral services will be held at 1 o'clock Sunday afternoon from the home and at 1:30 from the Reformed church at Dale. The Rev. Julius Bussan will conduct the services. Interment will be in Pine Grove cemetery.

GAMEL WILL OPEN BOYS WEEK WITH TALK IN CHAPEL

Noted Boy Leader Starts Two Weeks Campaign With Address on Just Dad

A subject of vital interest to every father and son of Appleton will open the two-week visit of Frank H. Gamel, well-known boyology expert, Sunday evening at Lawrence chapel. Mr. Gamel is scheduled to arrive in the city early on Sunday and his opening talk on Just Dad is set for 7:30 in the evening. Just Dad is a talk on the subject of fatherhood, and reports from cities where it has been given declare that it is worth a great deal to hear.

The talk is a gripping discussion of the crowning glory of manhood—fatherhood—and is said to be full of snubbing truths. The meeting is open to the general public and an invitation has been extended to all mothers and daughters of Appleton. A mistake in the printed program for The Balance Sheet, Mr. Gamel's talk on Wednesday evening at the Vocational school auditorium for men and boys only, set the time at 9:30. The meeting is to start at 7:30 in the evening instead.

WILCOX SAYS HE'LL MAKE FINISH FIGHT

We shall now be able to get our full vote and the victorious in the election.

Mr. Dithmar decided not to stay in the race if the Eau Claire man would not quit.

"On Aug. 27, nomination papers were filed in my behalf by nearly 2,000 voters, nominating me as a candidate for the office of United States senator. This was done for the purpose of meeting an emergency that might arise in case the nominee in the republican conference recently held at Oshkosh, should meet with defeat at the primary election. To my mind, and in the minds of a great many republicans throughout the state of Wisconsin, that emergency now exists," Mr. Wilcox said.

"Roy P. Wilcox is now an independent candidate for said office of United States senator, and, in my opinion, can no longer be considered the candidate of the Oshkosh convention. My nomination papers were the first to be filed in the office of the secretary of state, and it was generally known that I would be an emergency candidate long before Mr. Wilcox filed his papers as an independent candidate.

CITIES RECORD
"Three times I have been elected to the office of lieutenant governor of this state, for six years I have presided over deliberations of the state senate. In my time, I have taken part in the enactment of most of the important legislation for which our state has become known. I therefore feel that I am well qualified to serve the men and women of this state as their representative in the United States senate.

"I am 52 years of age and am a man of family. I have resided in Sauk-co, Wisconsin, all my life. For the last 30 years I have made my home in Baraboo, where I have been actively engaged in the practice of law.

"I stand upon my record as a progressive republican, on my record as lieutenant governor and as president of the state senate. My political principles are expressed in the Coolidge and Dawes platform of 1924," added Mr. Dithmar.

FOR HARMONY

Mr. Barry withdrew in the following written statement to Mr. Campbell, who read it to the conference:

"Referring to the matter determining on a candidate to oppose Robert M. La Follette, and after conferring with your committee, my understanding of the situation is as follows:

"That Mr. Wilcox feels it incumbent upon himself, independent of all other considerations, to continue to make the run.

"Mr. Wilcox's attitude being as it is, and in the interest of harmony, you may advise your committee that I am writing and wiring the secretary of state today of my withdrawal.

"The people will not be hoodwinked in considering an attack upon the alleged extravagances of the present state administration as having any bearing upon the question as to who should be selected as United States senator.

"Personally I would be more than pleased if the field were left open to

me alone to make the fight, but a multiplicity of candidates would only result in a defeat much similar to the one sustained by the Republicans Tuesday of this week.

Any move to bring out a new candidate, William L. Pleprow, Milwaukee, being mentioned in that connection, was blocked by Wilcox's statement that he would stick it out as he had promised.

W. J. Campbell, Oshkosh, chairman of the Republican state executive committee, said the meeting was called to unite on one candidate against young LaFollette.

TIME IS SHORT

Madison — Anti-LaFollette Republicans have several days in which to obtain withdrawal of all but one of the independent candidates in the special senatorial election Sept. 29, if they desire, and concentrate their forces in a single candidacy.

Any of the candidates in the special election may withdraw before the official ballots upon which the name of Robert M. LaFollette, Jr., will appear as the Republican nominee, are certified to the county clerks, George Brown, in charge of records and elections in the secretary of state's office, said. County officials have been requested to send the official returns from Tuesday's primary to the secretary of state immediately, in order that the list of candidates in the special election may be certified as soon as possible.

The law requires that candidates in regular elections must notify the secretary of state before their withdrawal two weeks before the election, but this rule was not applied in the present instance, due to the special primary and election being only two weeks apart. As soon as all the returns

HEILIG TALKS AT W. C. T. U. MEETING

Director of Vocational School Discusses Ways of Committing Suicide

Herb Heilig, director of the Vocational school, told of the many ways of committing murder and suicide at the meeting of the Women's Christian Temperance union Thursday afternoon at the home of Mrs. George Eberhart, 212 N. Meade-st. Overeating, drunkenness, eating too much rich food, poisons the system and leads to death, he said, and he characterized it as one form of suicide.

Mr. Heilig said that the physician of William Jennings Bryan, former secretary of state, told him in a personal interview that Mr. Bryan had "dug his own grave with his teeth," by eating too much rich food. Mr. Heilig also told about the evils of smoking.

Two vocal solos, "Sunset," by Dudley Buchard and "In My Garden," by Samuel Lids were presented by Mrs.

are received, the list of special election candidates will be certified to the county clerks and the right of candidates to withdraw will expire. Mr. Brown said.

No authority has been found in the election laws for the substitution of a new candidate for any who might withdraw, Mr. Brown said.

Samuel S. Godfrey, Miss Margaret Engler played the accompaniment. Miss Engler also gave a piano selection. Miss Carlo Heller presented a vocal selection. "By the Waters of Minnetonka," accompanied by Miss Annette Heller on the piano. Miss Harriet Melnich played the violin obligato.

Miss Diana Ruessman gave two readings, "Trials of School Life," and "Compensation," and Miss Margaret Specter read "The Dark Brown Diplomat," and "Tin Tin Gee-gee." A social hour followed the program. The program was preceded by a business meeting. About 40 persons were present.

Frank Tomske of Park Falls is visiting in Appleton for a week. Miss Cora Haire and Mrs. Laura Inman spent Thursday at Waupaca-cou fair.

4,900 CARS PASS TRAFFIC COUNTER

Final Census Shows Large Increase in Traffic Over Last Year

Traffic counts for 1925 showed that an average of 900 more cars a day are travelling through Appleton on highway 15, Wisconsin's main street than in 1924. The final traffic census of the year was taken Thursday by the Outagamie County Highway commission and showed that 4,492 vehicles passed the corner of E. Wisconsin-ave and N. Leminwah-st between 6 o'clock in the morning and 11 o'clock at night. The highest count in history was taken Labor Day when nearly 8,000 vehicles passed the census taker.

Thursdays census included 3,392

Wisconsin cars, 169 foreign cars, 98 light motor trucks, 259 heavy motor trucks, 25 motorcycles, and 18 horse drawn vehicles. The lightest traffic was from 10 to 11 o'clock at night when 127 vehicles were counted, and the heaviest hour was from 7 to 8 o'clock in the evening when 417 vehicles passed the corner. George DeYoung was the census taker Thursday.

Tickets On Sale
Tickets for the artist series, the first number to be presented Sept. 27 under the auspices of the American Legion Auxiliary, will be reserved Friday, Sept. 25 at Belling drug store, according to an announcement made by Mrs. E. E. Dunn. Seats will be reserved for the entire series of numbers at that time.
